

City of Manhattan Economic Snapshot

January 2010

Community Position

Unemployment Rate

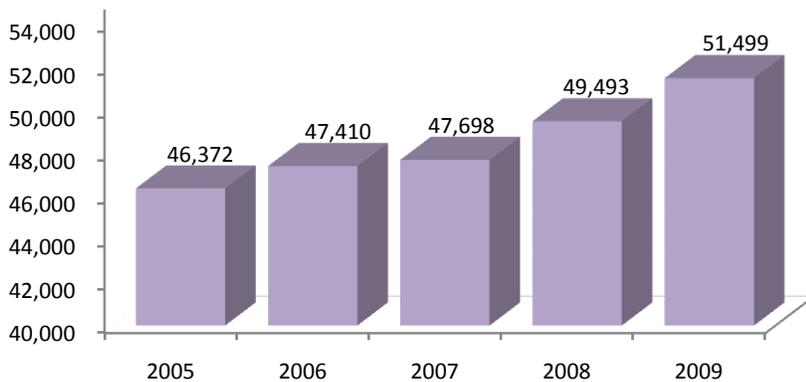

Kansas and Metro Unemployment numbers for January will not be released until March 10, 2010.

The Consumer Price Index (CPI) is the average change over time in the prices paid by urban consumers for goods and services. The urban consumer group represents approximately 87% of the total United States population. Not included are the spending patterns of people living in rural non-metropolitan areas, farm families, people in the Armed Forces, and those in institutions, such as prisons and mental hospitals.

Moody's Bond Rating

Ratings are assessed on the following factors: economy, debt structure, financial condition, demographics, and management practices of the governing body and administration.

"Aaa" - Best Quality

"Aa" - High Quality by all standards;

"A" - Upper medium grade

"Baa" - Medium grade obligations; they are neither highly protected nor poorly secured.

Bonds in the Aa, A, and Baa are also assigned a "1", "2", or "3" based on strength. "1" as the strongest and "3" as the weakest.
