Honorable Mayor, City Commissioners, and Manhattan Citizens
City of Manhattan, Kansas

RE: 2013 Comprehensive Annual Financial Report

Dear Honorable Mayor, Members of the City Commission, and Manhattan Citizens:

We are pleased to submit the Comprehensive Annual Financial Report of the City of Manhattan, Kansas (the City) for the fiscal year ended December 31, 2013.

This report was prepared by the City's Finance Department and Auditor, Varney & Associates, CPAs, LLC. Responsibility for both the accuracy of the presented data and the completeness and fairness of the presentation, including all disclosures, rests with the management of the City. To provide a reasonable basis for making these representations, management of the City has established a comprehensive internal control framework that is designed both to protect the City's assets from loss, theft, or misuse and to compile sufficient reliable information in conformity with accounting principles generally accepted in the United States of America (GAAP). Because the cost of internal control should not outweigh the benefits, the City's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatements. To the best of our knowledge, this financial report is complete and reliable in all material respects.

The City's financial statements have been audited by Varney & Associates, CPAs, LLC, an independent firm of licensed certified public accountants. The goal of the independent audit was to provide reasonable assurance that the financial statements of the City for the fiscal year ended December 31, 2013, are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditor concluded, based upon the audit, that there was a reasonable basis for rendering unqualified opinions that the City's financial statements for the fiscal year ended December 31, 2013, are presented fairly in conformity with GAAP. The independent auditor's report is presented as the first component of the financial section of this report.

The independent audit of the financial statements of the City was part of a broader, federally mandated “Single Audit” designed to meet the special needs of the federal grantor agencies. The standards governing Single Audit engagements require the independent auditor to report not only on the fair presentation of the financial statements, but also on the audited government’s internal controls and compliance with legal requirements, with special emphasis on internal controls and legal requirements involving administration of federal awards. These reports are included in the Single Audit Section of the Comprehensive Annual Financial Report.

GAAP require that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management’s Discussion and Analysis (MD&A). This letter of transmittal is designed to complement MD&A and should be read in conjunction with it. The City of Manhattan’s MD&A can be found immediately following the report of the independent auditors.

Profile of the City of Manhattan

The City of Manhattan was chartered in 1857 and is a city of the first class. The City operates under a Commission-Manager form of government. The City Commission consists of five members. Elections are held every other year in odd-numbered years. Three City Commission positions are chosen at each election. The two highest vote recipients receive four-year terms while the third highest vote recipient receives a two-year term. The City Manager is appointed by the Commission and is charged with the efficient and effective administration of the City.

The City is in Pottawatomie and Riley Counties, and is located at the confluence of the Blue and Kansas Rivers in Northeast Kansas approximately 116 miles west of Kansas City (56 miles west of Topeka, the Kansas State Capital). The City encompasses approximately 18 square miles and has a current estimated population of 57,876 persons (includes Kansas State University which was annexed on July 3, 1994).

The City provides a full range of services including fire protection, construction and maintenance of streets, storm drainage facilities and other infrastructure, comprehensive parks and recreational activities, cemetery, zoo and cultural events, planning, zoning, code enforcement, engineering, airport operations, and general administrative services. The water, wastewater, and storm water management utilities operate as enterprise funds of the City. The City is also financially accountable for a legally separate public library and a legally separate housing authority, both of which are reported separately within the City’s financial statements. Additional information on these legally separate entities can be found on Note 1.A. in the notes to the financial statements.

The City is also legally responsible for 80% of the operational budget for the Riley County Police Department, a City/Riley County consolidated law enforcement agency. This legally separate entity does not meet the criteria for inclusion as a component unit in the City’s financial statements.

Expenditures are authorized in the annual appropriated budget approved by the City Commission, as required by state statute. Activities of the General Fund, Special Revenue Funds, Debt Service Fund, and Enterprise Funds are included in the annual appropriated budget. A six-year Capital Improvement Plan is also adopted by the City Commission, and the first year of that plan is included in the City Budget. Expenditures cannot exceed the budgeted amount for each fund. Budgetary control is maintained through the use of an encumbrance system. As purchase orders are issued, corresponding amounts of appropriations are reserved, by the use of encumbrances for later payment, so that appropriations may not be overspent. Kansas statutes also require unencumbered cash be on hand before an obligation can be incurred. Budget-to-actual comparisons are provided in this report for each individual governmental fund for which an appropriated budget has been adopted. For the General Fund and the Riley County Police Department Fund these comparisons are presented as part of the basic financial statements. For the remaining governmental funds, these comparisons are presented in the governmental fund subsection of this report.

Factors Affecting Financial Condition

The information presented in the financial statements is perhaps best understood when it is considered from the broader perspective of the specific environment within which the City of Manhattan operates.

Municipal Services and Utilities

The City owns and operates its own water, wastewater, and storm water management utility systems. Westar Energy and Kansas Gas Service supply electricity and natural gas to the City. Telephone and cable television services are provided by AT&T and Cox Communications, Inc., under franchise agreements with the City.

The City's fire department provides continuous full-time fire protection to the City. The City's police protection is provided by the Riley County Police Department. The ambulance service is provided by Riley County.

Transportation Facilities

Riley County is traversed by Interstate 70, U.S. Highway No. 24, and Kansas Highways No. 113, No.18, and No.177, all leading to Manhattan, Kansas. Seven motor freight lines serve the City. Rail service is provided by Union Pacific Railroad. In addition, air transportation services via regional jet are provided to and from Dallas/Fort Worth and Chicago by American Eagle Airlines. The area is also served by an aircraft charter service and four taxi companies. Public transportation is also provided to Manhattan, Riley County, and Pottawatomie County by the Flint Hills Area Transportation Agency, a non-profit regional transit entity.

Kansas State University

Kansas State University, formerly Kansas State Agricultural College, has 150 years of distinguished service as one of the leading examples of the successful system of land-grant universities developed throughout the United States. Its campus contains over 668 acres and beyond the campus are more than 4,000 acres of university land used for experimental work in agriculture. Kansas State University is fully accredited by the North Central Accrediting Association and by various professional accrediting agencies. The University had an enrollment of 24,581 in the fall of 2013. Kansas State University ranks first nationally among state universities in its total of Rhodes, Marshall, Truman, Goldwater, and Udall scholars since 1986. The University offers many cultural, recreational, educational, and NCAA Division 1, Big XII athletic attractions.

Military-Activity - Fort Riley

Founded in 1853, Fort Riley is a military installation 8 miles west of Manhattan. Originally known as Camp Center, Fort Riley is a permanent post and has long been one of the nation's largest military installations. Today, Fort Riley is widely recognized as the Army's premier division-level installation covering approximately 101,000 acres with a military strength of approximately 19,468 soldiers and 26,415 family members. In addition to the military personnel at Fort Riley, approximately 7,470 civilians work at the installation. Annually, Fort Riley provides training for approximately 14,000 Army National Guard and U.S. Army Reserve personnel.

The Base Realignment and Closure process has identified significant growth to come for Fort Riley, which in turn is expected to cause significant growth in the community and surrounding areas.

The Fort's utilization changed in 2006, with the return of the 1st Infantry Division to Fort Riley. Since that time, units assigned to Fort Riley have supported Operation Enduring Freedom, Operation Iraqi Freedom, and transitioning to Operation New Dawn. From 2006 to 2009, the Fort Riley Training Mission provided pre-deployment training for an array of Military Transition Teams (MiTTs) deploying as advisors to Foreign Security Forces. During the first decade of the new century, Fort Riley has witnessed a large physical transformation. From modernization of the airfield to new barracks, housing, training and work areas, the changes to the installation have postured Fort Riley and the Central Flint Hills Region for the future.

During Fort Riley's service to the nation, many legendary and historic characters have been intertwined with the Fort's history. Some of the more famous were Buffalo Bill Cody, Wild Bill Hickock, George Armstrong Custer, and the famous 7th Cavalry of the early frontier days; Civil War heroes J.E.B. Stuart and Phillip St. George Cook; General "Blackjack" Pershing of World War I; Generals Wainwright, Patton, and Terry Allen of World War II; and Major General Thomas Rhame of the Persian Gulf War.

Impact of Fort Riley

The following is the Economic Impact Summary for Fort Riley for the year ended September 30, 2013 (most recent federal fiscal year available):

Economic Impact of Fort Riley on the State of Kansas

Direct Economic Impact on Kansas	\$1,774,983,615
Payroll (Annually)	1,245,359,318
Supplies/Services/Contracts	251,713,919
Construction	153,485,556
Health Care	20,790,783
Education	103,634,039

Medical and Health Facilities

The City's two local hospitals, St. Mary's Hospital, built in 1960, and Riley County owned Memorial Hospital, which was built in 1954, have consolidated into one entity, Mercy Regional Health Center, which employs approximately 795 persons. The City also has two major retirement facilities, Meadowlark Hills Retirement Community and Via Christi Village, which provide assisted care as well as independent living. There are currently over 90 medical doctors practicing in the City, and a surgical center has been constructed to provide surgical and post-surgical services to the region.

Recreational Facilities

Tuttle Creek Reservoir, one of the largest bodies of water in Kansas, which is located two miles north of the City of Manhattan, and Milford Reservoir which is located approximately 20 miles west of Manhattan, provide substantial area income from recreational activities. The City also has many beautiful parks and ball fields which host youth and adult softball, baseball, soccer and various other sporting events. The Larry Norvell band shell in City Park provides the venue for Arts in the Park, a series of free concerts held every weekend during the summer months. The Wefald Pavilion in City Park is available for public rental when not used as an ice skating rink in the winter months. The City also has three swimming pools. The City Park Aquatic Center was completed July 2010 and features an enhanced shaded area, a 50-meter competition quality pool, a Board Rider/Sting Ray wave pool, and a zero-entry combination pool that has features that include a lazy river, underwater seating and several slides. The CiCo Park and Northview Park pools were renovated in 2010 and opened for the 2011 summer season. City Park also features a Splash Park. In addition, the City offers four golf courses, Sunset Zoological Park which is an Association of Zoos and Aquariums (AZA) accredited facility, the new Flint Hills Discovery Center (a LEED Gold Facility) and Blue Earth Plaza in the South Redevelopment Area, and an exceptional trail system featuring the Linear Park Trail.

Employment and Labor Force

The City's economic character is affected largely by two institutions, Kansas State University and Fort Riley. In spite of a low official unemployment rate, Manhattan has an abundant supply of above-average, trainable labor available. This is due to the dependents and students of Kansas State University and the dependents of Fort Riley, which are not counted in the official labor force statistics. Also, being the major community in a rural area, the draw is from a 40-mile radius. All of this contributes to a work ethic creating high productivity and a compatible labor climate. Some of the major employers in the Manhattan area include Fort Riley, Kansas State University, Unified School District No. 383, Mercy Regional Health Center, and GTM Sportswear.

In total, the civilian labor force of Riley County according to the Kansas Department of Labor, Labor Market Information Services, is 36,062 as of December of 2013. Of this number, 34,439 or 95.5%, are employed. The area civilian labor force is primarily employed in the governmental sector. Kansas State University currently employs approximately 5,424 people, and Fort Riley has a complement of approximately 19,468 military and approximately 2,804 civilian employees.

Work Force - Riley County, Kansas as of December 31, 2013

Civilian Work Force	36,062
Unemployed	1,623
Employed	34,439
Estimated % Unemployed	4.5%

Major Employers in the Manhattan Area:

<u>Employer</u>	<u>Product/Service</u>	<u>Approximate Employment</u>
Fort Riley Military Base	Military training	19,468
Kansas State University	Higher education	5,424
Fort Riley Military Base	Civilian employees	2,804
U.S.D. No. 383 - Manhattan Schools	Public Schools	1,450
GTM Sportswear	Retail & Manufacturing	991
Mercy Regional Health Center	Health Care	795
Wal-Mart	Discount department store	480
Meadowlark Hills Retirement Community	Geriatric care	420
City of Manhattan	Government	320

* *Note: Data for Mercy Regional Health Center, Wal-Mart Stores, Inc., and City of Manhattan are as of November 2012; most recent information available. Wal-Mart Stores, Inc. includes full-time, part-time and/or temporary employees.*

Economic Condition and Outlook

As discussed above, both Fort Riley and Kansas State University have a major influence on the Manhattan economy.

In addition, the City has been successful in using public funds, Industrial Revenue Bonds (IRBs), and a few limited or partial tax abatements to assist businesses and create economic development opportunities. In 2013, residents voted to renew the Riley County one-half cent sales tax. The City of Manhattan will use those dollars to fund traditional economic development proposals, infrastructure projects, and property tax relief. Some of the most recent economic success stories include:

- CivicPlus. In May 2012, the City Commission approved an economic development agreement with CivicPlus, a local company specializing in cost-effective website solutions to enhance community engagement for public sector clients. CivicPlus plans to add 250 new high wage jobs over the next ten years. In May 2013, the City issued IRBs in an amount not to exceed \$15 million to finance a new five-story 50,000 square-foot office/commercial facility in downtown Manhattan. The incentive package includes a \$750,000 forgivable loan and partial tax abatement. CivicPlus held a groundbreaking ceremony in early 2013, started demolition work in May of 2013, and is currently under construction. They have also renovated a significant amount of existing downtown space.
- National Bio and Agro-Defense Facility (NBAF). The United States Department of Homeland Security's Science and Technology Directorate has selected a site adjacent to Kansas State University (KSU) for a state-of-the-art, high security laboratory facility to study foreign animal and zoonotic diseases that may impact livestock. There is currently no laboratory facility in the United States with the capabilities for BSL-4 research on large livestock. The facility design began in 2009 and site work began in 2010 with utility relocation. A Central Utility Plant (CUP) groundbreaking was held in May of 2013 for the NBAF. NBAF will replace the current and aging facilities at the Plum Island Animal Disease Center (PIADC) in New York. Kansas' national leadership in animal health research and industry has made it the preferred location for the federal scientific laboratory that will accelerate animal disease research to protect the American food supply and agricultural economy. The total project estimate now exceeds \$1 billion. Related to this, in 2009, the United States Department of Agriculture (USDA) Arthropod-Borne Animal Diseases Research Unit was successfully recruited from Laramie, Wyoming. This team occupies renovated space in the current USDA research facility, and periodically leases space in K-State's state-of-the-art BSL 3-3Ag Biosecurity Research Institute. K-State recently demolished the old feed mill which was located on the NBAF site and constructed a new, modern Feed Technology Innovation Center.
- KSU Institute for Commercialization (KSU-IC). Once known as the National Institute for Strategic Technology Acquisition and Commercialization (NISTAC), KSU-IC has made significant contributions toward the development of new technical business in

the Manhattan area. In addition, KSU-IC is poised to be very successful with commercialization of University technologies and spin offs and maintains an impressive patent portfolio. KSU-IC occupies and leases the City's 30,000 square-foot, \$7 million Innovation Center in the K-State Research Park, where the focus is on creating bioscience ventures and university partnerships. In 2011, the City completed build out of 5,000 square feet of unfinished pilot space that created three new laboratories in the Center. The Kansas Bioscience Authority provided \$1 million in grant funds to match the City's local contribution of \$425,000 from the Economic Development Fund. KSU-IC is also a founding member of Knowledge Based Economic Development (KBED), which was created to establish and actively support a thriving entrepreneurial environment to attract, grow, and retain knowledge-based businesses.

- Flint Hills Beverage. Flint Hills Beverage is a distributor for Anheuser-Busch products throughout the region. In 2005, the City issued IRBs in the amount of \$2.8 million to finance the construction and equipping of a 40,000 square-foot manufacturing facility in the City's Corporate Technology Park. The company broke ground on a 17,000 square-foot expansion in 2012 and, in July 2013, the company exercised its option to purchase Lot 21A in the Corporate Technology Park to accommodate future expansions. The sale proceeds were returned to the City's Industrial Promotion Fund.
- Florence Corporation of Kansas. This company produces mailbox products for central distribution. Since 2003, the company has made capital investments totaling over \$21 million in a 200,000 square foot manufacturing facility in the Corporate Technology Park. The company continues to focus on new products that complement existing products to increase sales.
- Manko Window Systems. Manko Window Systems, a commercial-grade window manufacturer, has completed several expansions of its Manhattan facility. The most recent expansion will allow for the addition of a blast-resistant and hurricane-resistant window line. In 2005, the City issued IRBs in the amount of \$2.5 million to finance building additions, including 45,000 square feet of additional manufacturing space and 10,000 square feet of new office space, as well as over \$1 million in new equipment.
- Mercy Regional Health Center. The Mercy Regional Health Center Board has completed a major expansion and new addition to its facility, providing approximately double the space. The City, through the Manhattan Economic Development Fund, provided \$1 million to the expansion of the Health Center, in addition to issuing IRBs in the amount of \$38 million. The construction of the expanded space was completed in 2003 and the renovation of the old hospital wing was recently completed.
- Meadowlark Hills Retirement Community. In 2007, the Meadowlark Hills Retirement Community began a multi-million dollar four-phase expansion of its

facilities. The City has committed to issuing up to \$55 million in IRBs to refinance existing debt and to finance the latest expansion, and has provided an additional \$750,000 in incentives in the form of conventional and forgivable loans.

- GTM Sportswear. Located in the Pottawatomie County portion of the City, GTM Sportswear (GTM) sells custom embroidered and screen-printed sportswear and related goods. GTM is in the process of enlarging its current manufacturing facility in several phases over the next ten years to an ultimate footprint of approximately 200,000 square feet. The City has committed to issuing up to \$28 million in IRBs for GTM and also providing incentives in the form of \$800,000 in forgivable loans and approximately \$2.4 million in tax abatements.

Manhattan has experienced steady growth during the past few years although growth has moderated somewhat with the recent economic downturn. In 2013, the value of the property tax base grew about 4.8%. Total sales tax revenues in 2013 were \$24,902,090, which represents a 6.6% decrease from 2012. The population has grown 10.9% from five years ago. On July 3, 1994, the City annexed Kansas State University. This annexation of students living on campus added approximately 4,200 individuals to the City's population. The 2013 estimated population for Manhattan is 57,876 persons.

The Kansas State University athletic program had a very successful season. The Football, Basketball, and Baseball teams received Big 12 Championship honors for the 2012-2013 season. Major improvements were completed in 2012 and 2013 at the athletic complexes. A new \$90 million West Stadium Center for K-State football was dedicated in August 2013. This facility also includes a cafeteria/training table for all KSU student athletes. In addition new basketball practice/team facilities and new rowing and tennis facilities were also dedicated.

Current Major Initiatives/Planned Activities

In 2014, the City plans to continue or initiate many projects which will further improve and expand the City's infrastructure and facilitate the maintenance and growth of the City. The City has increased its focus on building up reserves not only to help facilitate anticipated growth, but also to help mitigate the impact of any potential revenue shortfalls. Below is a listing of recent accomplishments.

- Downtown Redevelopment. The Downtown Redevelopment project consists of two distinct areas: the North Project Area and the South Project Area. The North Project Area, developed by Dial Realty of Omaha, Nebraska, is known as Manhattan Market Place and features approximately 250,000 square feet of commercial property and 220,000 square feet of residential property, with the addition of approximately 200 living units. Private investment is expected to be \$57 million. In December 2009, the City issued the 2009 TIF Bonds to finance approximately \$17.8 million in land acquisition and site preparation associated with the North Project Area. In December 2010, the City issued the 2010 TDD Bonds to finance approximately \$5.6 million to fund several infrastructure projects within the North Project Area.

The South Project Area features a City-owned and operated 35,000 square-foot Flint Hills Discovery Center which opened in April 2012, enhancing tourism locally and statewide, as well as a new privately owned 30,000 square-foot Conference Center and 135-room Hilton Garden Inn hotel. A public 440-stall parking structure is also connected to the Conference Center.

This new entertainment area also features Blue Earth Plaza, a robust public park with a fountain, river, splash component synchronized with music and light shows as well as a central shade gathering area. The construction of two additional hotels and Blue Earth Place (a mixed use building bordering the periphery) began construction in 2013. The Candlewood Suites hotel opened in March 2013. The Holiday Inn Express is currently under construction, and Blue Earth Place was completed construction in the first quarter of 2014. A four-story residential structure with 32 living units is currently under construction with completion expected at the end of 2014. Total private investment by HCW, Nobel Inc., Riffel Asset Management, and McCullough Development for the South project is approximately \$36 million, with the City contributing an additional \$31 million. Of this \$31 million, \$9.5 million will be used to pay for the Conference Center, \$7.2 million for the Discovery Center exhibits, \$3.2 million for the parking garage, and approximately \$11.1 million for site preparation and infrastructure improvements. In 2006, the City received approval for \$50 million in Sales Tax and Revenue (STAR) Bonds for the South Project Downtown Redevelopment. The City issued the 2009-1 STAR Bonds and the 2009-2 STAR Bonds in December 2009, with the 2009-2 STAR Bonds being issued as Build America Bonds under the American Recovery and Reinvestment Act of 2009. A total of \$50 million in STAR Bonds were issued for the construction of the Discovery Center, land acquisition, and infrastructure costs within the South Project Area.

The renovation and upgrading of the Downtown Core area Streetscaping is also underway with a focus to enhance pedestrian safety along with new trees and landscaping, curbs and sidewalks, refurbish lighting, a new traffic signal at 4th and Poyntz along with other improvements.

- Airport. American Eagle Airlines provides three (3) daily regional jet flights to and from Dallas/Fort Worth and Manhattan and two (2) daily non-stop service flights to and from Chicago O'Hare International Airport. The airport continues on a track of significant growth as it responds to the growth occurring throughout this region of Kansas. A 42,000 square-foot expansion of the passenger terminal began in November 2013 and will be completed in two phases. Phase I is expected to be completed in December 2014. FAA funding has been received for Phase II, which will begin at the completion of Phase I. Phase I is expected to be complete by the end of 2015. Coinciding with the start of Phase II will be the start of a parking lot expansion. Improvements will create a segment of the new loop road, align parking stalls consistent with the new terminal, and add access control and revenue collection equipment. Construction of the parking lot expansion is expected to be

completed in August 2015. Installation of security and wildlife fence around the airport perimeter began in October 2013 and was completed in May 2014.

The airport is beginning the design process to upgrade its General Aviation (GA) area, which will include a new 5,000 square-foot Fixed Based Operator (FBO) Facility and infrastructure (water, sewer, stormwater, parking, access road) improvements to support it. Design will be completed by fall of 2014 with construction expected to begin immediately afterwards. In support of the GA improvements, the City and Riley County will make storm water and other improvements to Airport Road improving access to the new GA facilities.

- Community Development. In 2013, the Community Development Department administered grants totaling approximately \$783,178 for projects to improve the Senior Center, repair park facilities, address homelessness issues, improve one daycare facility, and add neighborhood sidewalks. In December of 2013, a consulting team was selected to begin the update of the City's Comprehensive Plan that will include segments of Western Pottawatomie County and Riley County as well. This planning effort will also examine utility models for increasing densities near the university and also growth areas in general along with corresponding infrastructure.
- Public Works. The most significant infrastructure improvement taking place in the City over the past two years was the K-18 improvement project from the City of Ogden to the City of Manhattan. This \$96 million project was partially financed by funds from the American Recovery and Reinvestment Act of 2009 as well as the State of Kansas T-Works program. The K-18 project was completed in 2013 and included an interchange, four bridges, and a four-lane freeway over a two-mile stretch. The improvements support the significant population and economic growth that will occur between Fort Riley and the City. The project was constructed in three phases. Construction for Phase one began in June 2010 and was completed in the fall of 2012. Construction for Phases two and three began in the summer of 2011 and was completed in March 2014. The improvements include an interchange directly serving the airport and surrounding area, and the City has agreed to contribute \$1.5 million toward this project.

In 2014, the construction of a bridge on Casement Road over the Marlatt Water Way commenced, which is a major improvement to a very old structure that is in need of replacement. The project will also lower the 100-year flood elevation along Marlatt Water Way to the west. Roadway improvements are also planned for Casement Road from Marlatt Avenue south to Northfield Road, will include widening the existing rural two lane section of road to a three lane urban roadway segment with a sidewalk on the west side of the road to serve the neighborhood. The project is anticipated to be complete in October 2014.

- Utilities. Due to existing and expected growth in the City, and to achieve full compliance with State and Federal current and anticipated environmental

regulations, the Water and Wastewater Treatment Plants began major expansions in 2010 at costs of \$16.59 million and \$23.67 million, respectively. The expansion of the Water Treatment Plant was completed in December 2012, increasing the plant capacity from 20 to 30 million gallons per day. The expansion at the Wastewater Treatment Plant's was substantially completed and dedicated in 2013. The plant capacity went from 8.7 million gallons a day to 11 million gallons per day. In addition, Biological Nutrient Removal (BNR) has been added to the treatment process, with a new National Pollutant Discharge Elimination System (NPDES) permit, with more strict effluent limitations for Total Phosphorous, Total Nitrogen and Ammonia, taking effect on November 1, 2014. The WWTP has met and exceeded all of the new NPDES permit effluent limit requirements for the 18-month period preceding the date of the implementation of the new NPDES permit. Low-interest loans from the Kansas Department of Health and Environment financed these expansions, and utility rate increases may be necessary over the next several years in order to meet the debt service requirements of these loans.

In 2014, there will be improvements to various segments of the City's Distribution System to replace undersized and deteriorated water mains at a cost estimated at approximately \$1.5 million. The Wastewater Department will begin construction of the Wildcat Creek Lift Station, Phase II Improvements in 2014, with an estimated cost of approximately \$860,000.

- Parks and Recreation. In 2009, City voters approved an increase in the City's sales tax rate from 1.00% to 1.25%. The additional 0.25% is dedicated to the payment of debt service on debt issued to finance the construction of the new City Park Aquatic Center, renovations and improvements to the CiCo Park and Northview Park pools, and construction of a new Nature Education Center at the Sunset Zoo. Construction on the City Park Aquatic Center began in 2009 and was completed in July of 2010. The CiCo Park pool was completed in June 2011, and the Northview pool opened to the public on July 4, 2011. All three pools were opened in May for the 2012 swim season, which was the first year all three pools were in continuous operations since 2007. The Sunset Zoo Nature Exploration Center held its grand opening on June 2, 2012.
- Fire Department. Construction was completed on two new fire stations in the summer of 2012. The southwest fire station is a relocation of the fire station on Anderson Avenue to Amherst Avenue, and the northwest fire station is an entirely new station located on Vanesta Drive. In 2012, fire dispatching was consolidated and is now done from the 911 dispatchers at the Riley County Police Department. The City also completed the FCC requirements of narrow banding on all City radio frequencies and hardware. The Fire Department will be upgrading all the self-contained breathing apparatus (SCBA) to the 2012 National Fire Protection Association (NFPA) standard in 2014. In 2013, the City of Manhattan adopted the 2012 International Fire Code along with the 2012 International Building Code with a March 1, 2014 implementation. The City installed flood warning lights on the

Wildcat Creek Bridge and have added voice-audio capable storm sirens along Wildcat Creek with pre-recorded audio for flood warning notification.

Financial Policies

The City has focused on adopting policies which provide ongoing guidance in the administration of City financial decisions. The following policies are considered most relevant to this report:

- **Capital Improvements Program (CIP)**. This policy establishes a process for a six-year CIP which shall set priorities and provide for the scheduling of capital improvements, major purchases of equipment and major studies or surveys. The first year of the CIP is considered in the development of the annual operating budget. The CIP is adopted by resolution approved by the City Commission after a public hearing has been conducted for the purpose of soliciting community comments on the proposed CIP.
- **Investment Policy**. This policy establishes that, giving due regard to the safety and risk of investments, all available funds shall be invested in conformance with legal and administrative guidelines and, to the maximum extent possible, at the highest rates obtainable at the time of investment. Annually, the City is granted expanded investment powers by the state's Pooled Money Investment Board (PMIB) and is one of only eight municipal entities in Kansas holding this designation.
- **Long-term Obligation Financing Policy**. This policy establishes a management committee to oversee the issuance of City debt and restricts total annual debt issuances to a predetermined amount unless approved by the City Commission. This restriction was waived in 2010, as it was determined that the issuance of debt in 2010 for various projects related to Downtown Redevelopment was vital to the overall success of the City's efforts to revitalize the downtown corridor. This policy also establishes benchmarks for the rapid payback of general obligation debt and present value savings to be achieved when refunding existing debt.

Awards and Acknowledgments

The Government Finance Officers Association (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Manhattan for its Comprehensive Annual Financial Report (CAFR) for the fiscal year ended December 31, 2012. This was the 16th consecutive year that the City has received this prestigious award. In order to be awarded a Certificate of Achievement, the City published an easily readable and efficiently organized CAFR. This report satisfied both GAAP and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current CAFR continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

In addition, the City also received the GFOA's Distinguished Budget Presentation Award for its budget document for fiscal year 2014. In order to qualify for the Distinguished Budget Presentation Award, the City's budget document was judged to be proficient in several categories, including as a policy document, a financial plan, an operations guide, and a communication device.

Preparation of this report would not have been possible without the professional, efficient, and dedicated services of the staff of the Finance Department. Credit should also be given to the City Commission and the City Manager's Office for providing the direction and support necessary to maintain the highest standards of professionalism in conducting the financial operations of the City. Thanks should also be extended to Varney & Associates, CPAs, LLC, for the cooperation and professional assistance provided during the audit of the City's 2013 financial records.

Respectfully submitted,

The Honorable Mayor and City Commission
City of Manhattan, Kansas

INDEPENDENT AUDITOR'S REPORT

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Manhattan, Kansas as of and for the year ended December 31, 2013, which collectively comprise the City's basic financial statements as listed in the table of contents, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and the applicable provisions of the *Kansas Municipal Audit Guide*. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units other than the Manhattan Housing Authority, each major fund, and the aggregate remaining fund information of the City of Manhattan, Kansas, as of December 31, 2013, and the respective changes in financial position and, where applicable, cash flows thereof and the respective budgetary comparisons for the general fund and the Riley County Police Department special revenue fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of a Matter

We did not audit the financial statements of the Manhattan Housing Authority, one of the discretely presented component units. These financial statements were audited by other auditors, whose reports thereon have been furnished to us, and our opinion, insofar as it relates to the amounts included for the Manhattan Housing Authority, is based on the report of the other auditors.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Manhattan, Kansas' financial statements as a whole. The introductory section, combining and individual non-major fund financial statements, budgetary comparison schedules for the debt service fund and budgeted non-major governmental funds, and statistical section are presented for purposes of additional analysis and are not a required part of the financial statements. The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

The accompanying schedule of expenditures of federal awards is also presented for purposes of additional analysis as required by the U.S. Office of Management and Budget Circular A-133, *Audit of States, Local Governments, and Non-Profit Organizations*, and is not a required part of the basic financial statements. The combining and individual nonmajor fund financial statements and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

September 16, 2014
City of Manhattan, Kansas

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued a report dated September 16, 2014, on our consideration of the City's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in accessing the results of our audit.

Management's Discussion and Analysis

This section of the City of Manhattan's annual financial report presents our discussion and analysis of the City's financial performance during the year that ended on December 31, 2013. Please read it in conjunction with the transmittal letter at the front of this report and the City's financial statements, which follow this section, for a well-rounded picture of the City's financial condition.

Financial Highlights

- The assets of the City of Manhattan exceeded its liabilities at the close of 2013 by \$202,576,634. Of this amount, \$14,501,488 may be used to meet the City's ongoing obligations.
- The City's total net position decreased by \$1,218,105 over the course of this year's operations. The net position of our governmental activities decreased by \$3,440,179 (-3.02 percent) and the net position of our business-type activities increased by \$2,222,074 (2.47 percent).
- As of the end of 2013, the City of Manhattan's governmental funds reported combined ending fund balances of \$45,418,244, a decrease of \$3,560,182 in comparison with the prior year. Approximately 38 percent of this total amount, \$17,148,267 is assigned for purchases on order and subsequent year budget appropriations while less than 1 percent, \$354,488 is considered unassigned and available for spending at the City's discretion.
- At the end of 2013, the assigned fund balance for the general fund was \$2,084,997, or 8 percent of total general fund expenditures. The unassigned fund balance for the general fund was \$354,488, or 1 percent of total general fund expenditures.
- The City's total debt decreased by \$3,073,987 during 2013. General obligation bonds outstanding decreased by nearly \$4,965,000 in 2013. General obligation bonds in the amount of \$6,400,000 were issued in 2013, while \$11,365,000 was retired. Several special assessment projects that were in progress at the end of 2012 were completed and bonded in 2013. In addition, several city-at-large capital projects such as the Flint Hills Discovery Center Exhibit Design, construction of a water line on Miller Parkway, and the city portion of the McCall Road benefit district. There was an increase of \$1,315,000 in temporary notes outstanding at the end of 2013 as compared to 2012. This increase in temporary notes issued was due to several special assessment projects, improvements to Poyntz Avenue, and the first phase of construction for the airport terminal expansion.

Overview of the Financial Statements

This discussion and analysis are intended to serve as an introduction to the City of Manhattan's basic financial statements. The City of Manhattan's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements. The government-wide financial statements are designed to provide readers with a broad overview of the City of Manhattan's finances, in a manner similar to private-sector businesses.

The statement of net position presents information on all of the City of Manhattan's assets and liabilities, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City of Manhattan is improving or deteriorating.

The statement of activities presents information showing how the City's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g. uncollected taxes and earned but unused compensated absences).

Both of the government-wide financial statements distinguish functions of the City of Manhattan that are principally supported by taxes and intergovernmental revenues from other functions that are intended to recover all or a significant portion of their costs through user fees and charges. The governmental activities of the City of Manhattan include general government, public safety, public works, urban development and housing, and culture and recreation. The business-type activities of the City of Manhattan include water, wastewater, and storm water management.

The government-wide financial statements include not only the City of Manhattan itself (known as the primary government), but also the legally separate library and housing authority for which the City is financially accountable. Financial information for these component units is reported separately from the financial information presented for the primary government itself in the government-wide financial statements. Separately issued audited financial statements for the Manhattan Public Library may be obtained at 629 Poyntz Avenue, Manhattan, KS 66502. Separately issued audited financial statements for the Manhattan Housing Authority may be obtained at 300 North 5th, Manhattan, KS 66502.

Fund financial statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City of Manhattan, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City of Manhattan can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of the governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental

fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The City of Manhattan maintains 57 individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the general fund, Riley County Police Department fund, debt service fund, and capital projects fund, all of which are considered to be major funds. Data from the other 53 governmental funds are combined into a single aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements elsewhere in this report.

The City of Manhattan adopts an annual appropriated budget for its general fund and the Riley County Police Department fund. Budgetary comparison statements have been provided for these funds to demonstrate compliance with budget.

Proprietary funds. The City of Manhattan maintains two different types of proprietary funds. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The City of Manhattan uses enterprise funds to account for its water, wastewater, and storm water management operations. Internal service funds are an accounting device used to accumulate and allocate costs internally among the City of Manhattan's various functions. The City of Manhattan uses internal service funds to account for its motor pool services, its health care program, its workers' compensation program, and its photocopy services. Because these four services predominately benefit governmental rather than business-type functions, they have been included within the governmental activities in the government-wide financial statements.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the water, wastewater, and storm water management operations. Only the water and wastewater operations are considered to be major funds. Individual fund data for the internal service funds is provided in the form of combining statements elsewhere in this report.

Fiduciary funds. Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the City of Manhattan's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Other Information. In addition to the financial statements and the notes described above, the combining statements for nonmajor governmental funds and internal service funds are presented as other supplementary information immediately following the notes.

Government-wide Financial Analysis.

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the City of Manhattan, assets exceeded liabilities by \$202,576,634 at the close of 2013.

A large portion of the City of Manhattan’s net position (52.5 percent) reflects its investment in capital assets (e.g. land, buildings, machinery, infrastructure, and equipment), less any related debt used to acquire those assets that is still outstanding. The City of Manhattan uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the City of Manhattan’s investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

CITY OF MANHATTAN'S NET POSITION

	Governmental activities		Business-type activities		Total	
	2013	2012	2013	2012	2013	2012
Current and other assets	\$ 164,001,748	\$ 171,354,428	\$ 5,265,155	\$ 4,209,543	\$ 169,266,903	\$ 175,563,971
Capital assets	195,558,567	193,812,256	150,407,772	144,107,302	345,966,339	337,919,558
Total assets	359,560,315	365,166,684	155,672,927	148,316,845	515,233,242	513,483,529
Long-term liabilities outstanding	211,729,109	219,662,975	62,027,998	57,168,119	273,757,107	276,831,094
Other liabilities	37,489,411	31,721,735	1,410,090	1,135,961	38,899,501	32,857,696
Total liabilities	249,218,520	251,384,710	63,438,088	58,304,080	312,656,608	309,688,790
Net position:						
Invested in capital assets, net of related debt	17,482,048	(7,750,318)	88,798,571	87,379,688	106,280,619	79,629,370
Restricted	81,794,527	117,628,046	-	-	81,794,527	117,628,046
Unrestricted	11,065,220	3,904,246	3,436,268	2,633,077	14,501,488	6,537,323
Total net position	\$ 110,341,795	\$ 113,781,974	\$ 92,234,839	\$ 90,012,765	\$ 202,576,634	\$ 203,794,739

An additional portion of the City’s net position (40.4 percent) represents resources that are subject to external restrictions on how they may be used. The remaining balance of unrestricted net position, \$14,501,488 may be used to meet the government’s ongoing obligations to citizens and creditors.

At the end of 2013, the City is able to report positive balances in all three categories of net position for the government as a whole. However, a negative balance is being reported for the investment in capital assets net position for the governmental activities. There were significant unspent proceeds from other debt issued in 2012 still on hand at the end of 2013.

The City’s net position decreased by \$1,218,105 during 2013. This is approximately \$7,780,264 less than the increase for 2012.

Governmental activities. Governmental activities decreased the City’s net position by \$3,440,179. Key elements of this decrease are as follows:

CITY OF MANHATTAN'S CHANGES IN NET ASSETS

Capital grants for governmental activities decreased by \$3,411,204 from 2012 to 2013. Some of this decrease is due to grant revenues received from the Federal Aviation in 2013 as compared to 2012 for improvements to the general aviation apron, runway 3-21, and the design of the terminal expansion.

- Operating grants and contributions increased by \$399,687 from 2012 to 2013. Over 70% of this decrease can be attributed to a increase in operating grants and contributions for urban housing and development. The remaining increase reflects the normal fluctuation in several of the City's grant funds.

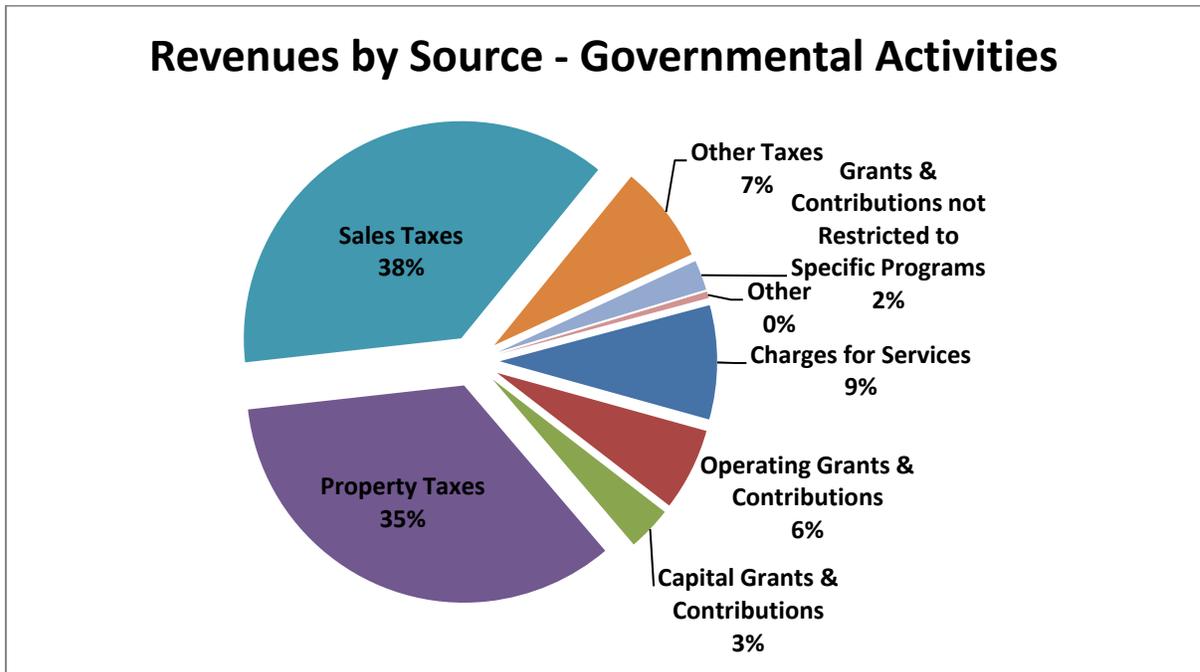

- Charges for services for governmental activities increased by \$72,551 from 2012 to 2013. The majority of this increase was from the administrative fees, which increased by \$140,095 from 2012 to 2013.
- Property taxes increased by \$1,997,186 from 2012 to 2013. The increase in taxes levied in 2013 is higher than the increase of \$847,388 between 2011 and 2012. Other taxes decreased by \$1,440,661 during 2013. Sales tax revenues decreased for the STAR Bond district by approximately \$1,300,000. This decrease was due to an additional month of sales tax revenues reported to the trustee in 2012. The decrease in sales tax collections does not impact the city's ability to pay on the annual principal and interest associated with the STAR Bonds.
- Other general revenues increased by \$327,538 from 2012 to 2013. Over half of this increase is attributable to unrestricted investment earnings. Other increases are primarily related to unrestricted grants and contributions in capital projects.

Total expenses increased by \$1,777,007 from 2012 to 2013. Expenses for the general government public safety, public works, urban development and housing, culture and recreation, all increased and interest on long-term debt decreased by \$734,547. The general government function decreased expenses by \$1,965,831 (-13.89 percent) from 2012 to 2013. The airport had several capital equipment purchases, improvements to the long term parking lot, and project designs that occurred in 2012. Other significant increases include escalating health insurance premiums and payroll tax expenses. Expenditures related to the culture and recreation function increased by \$1,172,343 (21.07 percent) from 2012 to 2013. Much of the increase can be attributed to the opening of the new Flint Hills Discovery Center. Expenses for public safety increased \$1,831,933 (9.14 percent) as a result of adding 12 new firefighters in May of 2012 and the construction of two new fire stations. The public works function increased by \$244,254 (2.54 percent) from 2012 to 2013. This increase is primarily related to the construction of a new traffic maintenance facility.

The following chart compares expenses with program revenues for the various governmental activities of the City.

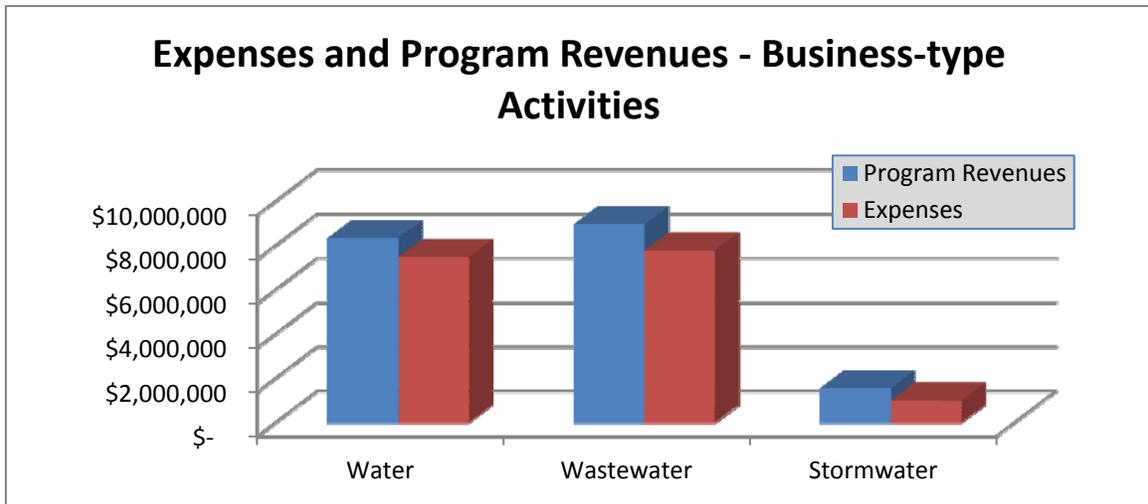

The following graph shows the composition of 2013 revenues for the governmental activities.

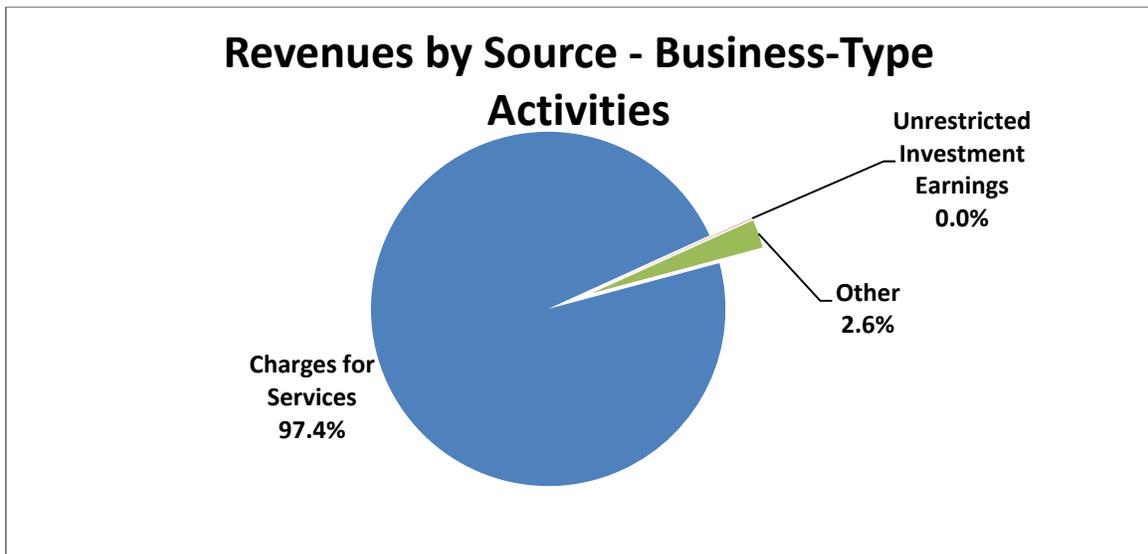

Business-type activities. Business-type activities increased the City’s net position by \$2,222,074 in 2013. This is \$747,464 less than the increase for 2012. This increase is due to service charges combined with a decrease in capital contributions received by the enterprise funds. Revenue received from service charges in 2013 totaled \$18,838,946 compared to \$19,970,294 in 2012. This is a decrease of \$1,133,348 (7 percent) from 2012 to 2013. A rate increase of 3 percent went into effect January 1, 2013 for wastewater. Rate increases of three percent and four percent also went into effect January 1, 2013, for the water and storm water management funds respectively. Capital contributions received in 2013 totaled \$1,916,917, while these contributions totaled \$826,014 in 2012. The vast majority of these contributions resulted from capital assets that were acquired by the enterprise funds through contributions from the governmental funds. Total expenses increased \$814,095 (5.27 percent) from 2012 to 2013.

The following chart compares expenses with program revenues for the various business-type activities of the City.

The following graph shows the composition of 2013 revenues for the business-type activities.

Financial Analysis of the City's Funds

As noted earlier, the City of Manhattan uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds. The focus of the City's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, unreserved fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

At the end of 2013, the City of Manhattan's governmental funds reported combined ending fund balances of \$45,418,244 a decrease of \$3,560,182 in comparison with the prior year. Less than 1 percent of this total amount (\$354,488) constitutes unassigned fund balance which is available for spending at the City's discretion. The remainder of fund balance is classified as assigned, committed, restricted, or nonspendable to indicate that it is not available for new spending. The assigned fund balance is 37 percent (\$17,148,267) of the total and is dedicated to 1) liquidate contracts and purchase orders for the year (\$397,032) and 2) to appropriate funds for the subsequent year's budget allocation (\$16,751,235). The committed fund balance is approximately 0.12 percent (\$54,677) of the total and is legally constrained by the governing body for City-University projects, capital projects, park development, and support for the Sunset Zoo. The restricted fund balance is 60.3 percent (\$27,397,411) of the total and represents resources that are externally restricted by parties outside the government such as creditors, grantors, and contributors, or by laws or regulations of other governments. Several of the City's special revenue funds and grant funds are included in this balance. The nonspendable fund balance is less than 1 percent (\$463,401) of the total balance and is used to pay for the perpetual care of one of the municipal cemeteries.

The general fund is the chief operating fund of the City of Manhattan. At the end of 2013, unassigned fund balance of the general fund was \$354,488 while total fund balance was \$4,012,624. As a measure of the general fund's liquidity, it may be useful to compare the unassigned and assigned fund balance as well as the total fund balance to total fund expenditures. In total, the assigned and unassigned fund balance represents 10.02 percent of total general fund expenditures, while total fund balance represents 16.5 percent of that same amount.

The fund balance of the City's general fund decreased by \$471,470 during 2013. A decrease of \$654,053 was shown in 2012. Key elements of this are as follows:

- Taxes increased \$284,512 in 2013. Sales tax revenues increased by \$91,949 from 2012 to 2013. Franchise taxes increased by \$224,188 from 2012 to 2013. This increase can be attributed to a myriad of factors including an increase in consumption and an increase in rates. Property taxes decreased by \$31,624 from 2012 to 2013.
- Licenses and permits increased by \$73,509 in 2013. Much of this increase was due to a increase in building permit fees.
- Intergovernmental revenues increased by approximately \$30,145 from 2012 to 2013. Most of the increase is due to revenue received from the special liquor tax. There was also an increase in revenue received from the county for animal shelter. These increases were partially offset by a decrease in revenues for student fire fighters.

- Charges for services decreased by \$214,875 from 2012 to 2013. This decrease is primarily attributed to the program revenues related to the culture and reaction function. The decrease was partially offset by administrative fees from the proprietary funds.
- Fine and forfeitures decreased by 232,527 in 2013. This reduction is mostly due to the amount of offenses committed in 2013.
- Investment income increased by \$331,944 from 2012 to 2013. Rates remained at historical lows throughout 2013 resulting in minimal investment income for the year.
- Miscellaneous revenues decreased by \$183,535 from 2012 to 2013. The decrease is attributed to a decrease of several line items.
- Expenditures increased by just over \$1,139,827 in 2013. Some functions showed increases in expenditures, while others showed decreases. General government expenditures increased by \$412,456. This increase can be attributed to increases in health insurance premiums and an additional position for the legal services division. Public safety expenditures increased by \$437,003. This increase can be attributed to the hiring of 12 new firefighters midway through the year. These positions were needed to staff the two new fire stations that opened in 2012. Urban development and housing expenditures increased by \$23,383. Public works expenditures increased by \$331,169. Culture and recreation expenditures increased nearly \$54,490. A significant portion of this increase was due to the opening of the Flint Hills Discovery Center. Capital outlay expenditures decreased by \$118,674 from 2012 to 2013.
- Transfers in increased \$988,210 from 2012 to 2013. This increase is primarily attributed to the reclassification of payment in lieu of taxes, admin fees, and franchise fees from enterprise funds, to interfund transfers (an increase of \$2,196,882).

The Riley County Police Department fund provides for expenditures made to the Riley County Police Department (RCPD). Police protection is provided to the City by the RCPD under a statutory arrangement whereby the City is responsible for 80 percent of the RCPD's budget. This fund has a total fund balance of \$481,520, of which \$431,520 is restricted and \$50,000 is assigned for the subsequent year's budget appropriations.

The debt service fund has a total fund balance of \$14,887,441. The net increase in fund balance during the current year was \$209,468. Debt service expenditures outpaced revenues by \$1,642,492. However, this deficit was offset by transfers in from other funds. The deficit of revenues over debt service expenditures in 2013 was \$182,813 higher than in 2012.

The capital projects fund is used to account for the acquisition and construction of major facilities which are financed predominately through the issuance of general obligation bonds. This fund has a total fund balance of \$2,243,529 all of which is restricted. This fund balance decreased by \$2,295,944 during the current year. The temporary notes payable liability increased by \$5,385,000 from 2012 to 2013. This represents temporary notes maturing in the upcoming year for which the legal steps and ability to consummate refinancing have not been met. The City typically issues general obligation bonds in June and December of each year.

Proprietary funds. The City's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail.

Unrestricted net position of the water fund at the end of 2013 amounted to \$3,491,012; the wastewater fund amounted to (\$708,844) and the storm water management fund amounted to (\$763,062). The total growth in net position for each fund was \$308,224, \$985,122, and \$928,728, respectively. A key element of these changes is as follows:

- Capital contributions are typically a significant revenue source for all of the enterprise funds. Capital contributions result primarily from the fact that a large portion of the infrastructure assets for these funds are financed from the proceeds of general obligation bonds which are repaid from governmental funds rather than these enterprise funds. Some capital assets are also donated by outside parties. During the current year, total capital contributions were \$682,729, \$872,171 and \$362,017, respectively, as compared to \$816,713, \$0 and \$9,301 in 2012. The overall increase from 2012 to 2013 was \$1,090,903.

Other factors concerning the finances of these funds have already been addressed in the discussion of the City's business-type activities.

General Fund Budgetary Highlights

Revenues exceeded budgetary estimates in all categories with the exception of investment income. Investment income has declined dramatically since 2007, and while the 2013 budget figure was lowered in comparison to previous years, the magnitude of the decline was not anticipated. The most significant variance from budget was in taxes, which exceeded the budgeted amount by approximately \$180,901. The majority of this increase stemmed from increased sales taxes over 2012 due to the turnaround of the local economy. Charges for services were under budget by \$308,343. Fines and forfeitures were under budget by \$75,193 due to a change in the fine structure and a decrease in the number of offenses. Total expenditures were less than budgetary estimates by \$1,730,216 (6.6 percent) of total budgeted expenditures.

Capital Asset and Debt Administration

Capital assets. The City of Manhattan's investment in capital assets for its governmental and business-type activities as of December 31, 2013, amounts to \$345,966,339 (net of accumulated depreciation). This investment in capital assets includes land, buildings, improvements, vehicles, machinery and equipment, park and pool facilities, streets, storm sewers, bridges, and water and sewer lines. The total increase in the City's investment in capital assets was 2.4 percent (a less than 1 percent increase for governmental activities and a 4.4 percent increase for business-type activities).

Major capital asset events during 2013 included the following:

- The Poyntz Avenue Improvements Project began in 2013, and construction in progress totaled over \$2.2 million.
- Improvements to Bluemont Avenue started in 2013. Construction in progress of this street improvement totaled over \$500,000 in 2013.
- The Tecumseh-Quivera Stormwater Improvements Project continued into 2013. Construction in progress totaled over \$2.6 million.
- Construction on the expansion to the Airport terminal began in 2013. Construction in progress on the terminal building totaled \$2.1 million at the end of 2013.
- A children's library expansion project at the Manhattan Public Library started in 2013 with approximately \$44,000 in construction in progress.
- A construction project to automate the City's water meters started in 2013, with over \$1.5 million in equipment purchased to date.

Additional information on the City's capital assets can be found in note 3.F on pages 82-84 of this report.

Long-term debt. At the end of 2013, the City had total bonded debt outstanding of \$174,155,000. Of this amount, \$49,821,781 comprises debt backed by the full faith and credit of the City and \$56,778,219 is special assessment debt for which the City is liable in the event of default by the property owners subject to the assessment. The remainder of the City's bonded debt represents bonds secured solely by specific revenue sources (i.e., special obligation bonds).

CITY OF MANHATTAN'S OUTSTANDING DEBT

General Obligation and Special Obligation Bonds

	Governmental activities		Business-type activities		Total	
	2013	2012	2013	2012	2013	2012
General obligation bonds	\$ 43,476,781	\$ 45,350,577	\$ 6,345,000	\$ 6,090,000	\$ 49,821,781	\$ 51,440,577
General obligation bonds (special assessment debt with governmental commitment)	56,778,219	60,124,423	-	-	56,778,219	60,124,423
Sales tax revenue bonds	5,665,000	5,845,000	-	-	5,665,000	5,845,000
Special obligation bonds	61,890,000	65,800,000	-	-	61,890,000	65,800,000
Total	\$ 167,810,000	\$ 177,120,000	\$ 6,345,000	\$ 6,090,000	\$ 174,155,000	\$ 183,210,000

Total debt for the city decreased by \$3,073,987 during 2013. General obligation bonds outstanding decreased by \$4,965,000 in 2013. Bonds in the amount of \$6,400,000 were issued in 2013, while \$11,365,000 was retired. Several special assessment projects that were in progress at the end of 2012 were completed and bonded in 2013. In addition, several city-at-large capital projects such as the Flint Hills Discovery Center Exhibit Design, construction of a water line on

Miller Parkway, and the city portion of the McCall Road benefit district. There was an increase of \$1,315,000 in temporary notes outstanding at the end of 2013 as compared to 2012. This increase in temporary notes issued was due to several special assessment projects, improvements to Poyntz Avenue, and the first phase of construction for the airport terminal expansion.

The City maintains a “AA+” rating from Fitch, a “AA” rating from Standard & Poor’s, and a “Aa2” rating from Moody’s for its general obligation bonds.

State statutes limit the amount of general obligation debt a governmental entity may issue to 30 percent of its total assessed valuation. The current debt limitation for the City is \$150,315,801, which is significantly in excess of the City’s outstanding general obligation bonds.

Additional information on the City’s long-term debt can be found in note 3.J on pages 86-100 of this report.

Economic Factors and Next Year’s Budget and Rates

- The unemployment rate for the City of Manhattan at the end of 2013 was 4.5 percent. This rate has decreased by 0.5 percent over 2012 and still is very favorable compared to the state’s average unemployment rate of 5.5 percent and the national average rate of 7.8 percent.
- Inflationary trends in the region compare favorably to national indices.

Highlights of the City’s 2014 budget are as follows:

- The mill levy rate decreased by 0.015, with a total mill levy rate of 43.424 for 2014. This rate compares favorably to mill levy rates over the last 20 years.
- Capital improvements anticipated for 2014 and beyond are incorporated into the proposed 2014-2019 Capital Improvements Program. The plan totals \$132,572,396 and includes the following for 2014:
 - Expansion of the airport terminal, parking lot, and general aviation site improvements
 - Manhattan Urban Area Comprehensive Plan Update
 - Improvements to the Wildcat Creek Lift Station
 - Stabilization of the tributary in CiCo Park
 - Construction of the Wildcat Creek Water Line
 - Blue Township waterline extension
 - Improvements to the Sunset Zoo parking lot

Requests for Information

This financial report is designed to provide a general overview of the City’s finances for all those with an interest in the City’s finances. Questions concerning any information provided in this report or requests for additional information should be addressed to the Finance Department, City of Manhattan, 1101 Poyntz Avenue, Manhattan, Kansas 66502.

CITY OF MANHATTAN, KANSAS
RECONCILIATION OF THE BALANCE SHEET
TO THE STATEMENT OF NET POSITION
GOVERNMENTAL FUNDS

December 31, 2013

Fund balances of governmental funds	\$	45,418,244
Amounts reported for governmental activities in the statement of net position are different because:		
Certain receivables, net of an allowance for doubtful accounts, are not available to pay current period expenditures and therefore are deferred in the funds.		
		5,775,843
Capital assets net of depreciation are not financial resources and therefore have not been included in the funds.		
		195,558,567
Long-term debt and compensated absences are not due and payable in the current period and therefore are not reported in the governmental funds.		
General Obligation Bonds Payable	\$ (100,255,000)	
Special Obligation Bonds Payable	(67,555,000)	
Temporary Notes Payable	(34,560,000)	
Notes Payable	(60,000)	
Transportation Revolving Fund Loan Payable	(3,124,866)	
Capital Leases Payable	(1,573,139)	
Compensated absences	(2,342,883)	(209,470,888)
Accrued interest payable on long-term debt has not been reported in the governmental funds.		
		(1,605,595)
Other long-term assets related to special assessments are not available to pay current period expenditures and therefore are deferred in the funds.		
		73,938,098
In the statement of net assets, a long-term liability is recorded for the unfunded portion of postemployment benefits other than pensions, while in the governmental funds, liabilities that do not require satisfaction with current resources are not recorded.		
		(2,258,221)
Internal service funds are used by management to charge the costs of certain activities, such as equipment management and self-insurance, to individual funds. The assets and liabilities of the internal service funds are included in governmental activities in the statement of net position.		
		<u>2,985,747</u>
Net position of governmental activities	\$	<u><u>110,341,795</u></u>

CITY OF MANHATTAN, KANSAS
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES,
AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS
TO THE STATEMENT OF ACTIVITIES
For the Year Ended December 31, 2013

Net change in fund balances - total governmental funds \$ (2,604,785)

Amounts reported for governmental activities in the statement of activities differ because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities, the costs of those assets are allocated over their estimated useful lives as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the current period.

Expenditures for capital assets	\$ 13,517,263	
Less current year depreciation	<u>(9,854,035)</u>	3,663,228

Capital asset transfers are not recorded in the governmental funds because there has been no flow of current financial resources. (1,916,917)

Long-term debt proceeds provide current financial resources to governmental funds, but issuing debt increases liabilities in the statement of net assets. Repayment of long-term debt principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position. This is the amount by which repayments exceeded proceeds.

Long-term debt proceeds	\$ (6,722,781)	
Principal payments	<u>15,234,748</u>	8,511,967

Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds.

Compensated absences	\$ (158,397)	
Other postemployment benefits other than pensions	(419,704)	
Accrued interest on bonds	<u>(134,625)</u>	(712,726)

Some revenues reported in the statement of activities do not provide current financial resources and therefore are not reported as revenues in the funds.

Receivables	\$ (249,237)	
Special assessments	<u>(5,368,264)</u>	(5,617,501)

Internal service funds are used by management to charge the costs of certain activities, such as equipment management and self-insurance, to individual funds. The net revenues of the internal service funds are reported with governmental activities. 489,771

Change in net position of governmental activities \$ 1,813,037

The notes to the financial statements are an integral part of this statement.

CITY OF MANHATTAN, KANSAS
NOTES TO THE FINANCIAL STATEMENTS

December 31, 2013

Note 1: Summary of Significant Accounting Policies:

The City of Manhattan, Kansas was chartered May 30, 1857 under the first session of the legislature of the Kansas Territory.

The City operates under a Commission-Manager form of government.

The accounting policies of the City of Manhattan, Kansas relating to the funds included in the accompanying combined financial statements conform to accounting principles generally accepted in the United States of America (U.S. GAAP) as applicable to state and local governments. U.S. GAAP for local governments include those principles prescribed by the Governmental Accounting Standards Board (GASB) and by the Financial Accounting Standards Board (FASB) (when applicable). The more significant policies of the City are described below.

A. Financial Reporting Entity

The City's combined financial statements include the accounts of all City operations. The criteria for including organizations as component units within the City's reporting entity, as set forth in section 2100 of GASB's Codification of Governmental Accounting and Financial Reporting Standards, include whether:

- the organization is legally separate (can sue and be sued in their own name)
- the City holds the corporate powers of the organization
- the City appoints a voting majority of the organization's board
- the City is able to impose its will on the organization
- the organization has the potential to impose a financial benefit/burden on the City
- there is fiscal dependency by the organization on the City

Based on the aforementioned criteria, the City of Manhattan has two discretely presented component units. Each discretely presented component unit is reported in a separate column in the government-wide financial statements to emphasize that it is legally separate from the City.

Manhattan Public Library

The City of Manhattan Library Board is appointed by the City Commission and oversees the operations of the Library. Acquisition or disposition of real property by the board must be approved by the City. The issuance of bonds must also be approved by the City.

Manhattan Housing Authority

Effective January 1, 2001, the City of Manhattan Housing Authority became a separate entity and agent of the City. The City of Manhattan Housing Authority consists of seven (7) commissioners appointed by the Mayor of the City with the consent of the City Commission and oversees the operations of the Housing Authority. The issuance of bonds must be approved by the City.

Complete financial statements for each of the component units may be obtained at the entity's administrative offices.

CITY OF MANHATTAN, KANSAS
NOTES TO THE FINANCIAL STATEMENTS

December 31, 2013

Note 1: Summary of Significant Accounting Policies (Continued)

A. Financial Reporting Entity (Continued)

Joint Venture

A joint venture is a legal entity or other organization that results from a contractual arrangement (or interlocal agreement) and that is owned, operated or governed by two or more participants as a separate and specific activity subject to joint control in which the participants retain (a) an on-going financial interest or (b) an on-going financial responsibility. The City participates in one joint venture:

Manhattan Holdings, LLC

The City is a participant in a joint venture agreement with Kansas Technology Enterprise Corporation Holdings, Inc. (KTEC Holdings) and Kansas State University Foundation (KSU Foundation) for the purpose of providing early stage risk capital for the commercialization of new products and technologies with apparent high growth potential.

The City of Manhattan appoints three members to the ten member Board of Members. Interest in the Joint Venture is proportionate to the amount of Class A units of Stock purchased by each entity. Each participant receives a pro-rata share of the Joint Venture's annual net income, if any, or remit a pro-rata share of any operating loss. The initial and December 31, 2013 percent interest and investments in the venture of each participant is as follows:

<u>Entity</u>	<u>Initial Percent Interest</u>	<u>Initial Investment</u>	<u>12/31/13 Percent Interest</u>	<u>12/31/13 Share of Contributed Capital</u>
KTEC Holdings	57.90%	\$550,000	33.334%	\$ 600,000
City of Manhattan	21.05%	\$200,000	33.333%	\$ 600,000
KSU Foundation	<u>21.05%</u>	<u>\$200,000</u>	<u>33.333%</u>	<u>\$ 600,000</u>
Total	<u>100%</u>	<u>\$950,000</u>	<u>100%</u>	<u>\$1,800,000</u>

KTEC Holdings made an initial investment of \$550,000 in 1996 with a subsequent investment of \$50,000 in 1998. The City of Manhattan made an initial investment of \$200,000 in 1996, with subsequent investments of \$200,000 in 1997 and \$200,000 in 1998. KSU Foundation made an initial investment of \$200,000 in 1996, with subsequent investments of \$200,000 in 1997 and \$200,000 in 1998.

The City's net investment is recorded in the Economic Development Special Revenue Fund, which provided the funds for the initial and subsequent investments. The City's equity interest as of December 31, 2013 was \$433,126, which includes \$140,534 for the City's share of the joint venture's net income from 1997 to 2013 less distributions of \$137,657, \$50,000 and \$119,751 in 2001, 2011 and 2013, respectively. The City's share of the joint venture's income is reported in investment income in these financial statements.

Complete separate financial statements for the Joint Venture may be obtained from Manhattan Holdings, LLC, 2005 Research Park Circle, Manhattan, KS 66502.

CITY OF MANHATTAN, KANSAS
NOTES TO THE FINANCIAL STATEMENTS

December 31, 2013

Note 1: Summary of Significant Accounting Policies (Continued)

B. Government-wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the City and its component units. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. Likewise, the primary government is reported separately from certain legally separate component units for which the primary government is financially accountable.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period (within 60 days of year-end). Most expenditures, including capital outlays, are recorded when a liability is incurred. However, principal and interest on general long-term debt which have not matured are recognized when paid.

Sales taxes, franchise taxes, licenses, interest, and certain state and federal grants and entitlements associated with the current fiscal year are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal year. Property taxes and special assessments, though measurable, are not available to finance current period obligations, as they are legally required to fund the expenditures of the upcoming fiscal year. Therefore, property tax and special assessment receivables are recorded and deferred until they become available.

CITY OF MANHATTAN, KANSAS
NOTES TO THE FINANCIAL STATEMENTS

December 31, 2013

Note 1: Summary of Significant Accounting Policies (Continued)

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation (Continued)

The City reports the following major governmental funds:

General Fund - The General Fund is the general operating fund of the City. It is used to account for all financial resources except those required to be accounted for in another fund.

Riley County Police Department Fund - The Riley County Police Department Fund is a special revenue fund used to account for ad valorem property tax revenue received by the City to fund expenditures made to the Riley County Police Department for police protection.

Debt Service Fund - The Debt Service Fund accounts for the resources accumulated and payments made for principal and interest on long-term general obligation debt of the governmental funds.

Capital Projects Fund - The Capital Projects Fund accounts for the financing and acquisition and construction of various citywide improvements.

The City reports the following major proprietary funds:

Water Fund - The Water Fund is used to account for revenues and expenditures related to the operation and maintenance of the water system operated within the City.

Wastewater Fund - The Wastewater Fund is used to account for revenues and expenditures related to the operation and maintenance of the wastewater system operated within the City.

Additionally, the City reports the following fund types:

Internal service funds account for motor pool and photocopy services provided to other departments or agencies of the City, or to other governments, on a cost reimbursement basis. These funds also account for the City's partially self-funded health care and workers' compensation programs.

Private-purpose trust funds are used to account for bequests received from individual citizens, the interest income from which is used for the upkeep of lots designated by the donor and also for flowers for these lots each Memorial Day at Sunset Cemetery. Private-purpose trust funds are also used to account for revenue received from the sale of bricks for the Mall Plaza. Maintenance costs are paid from the interest earned.

Permanent funds are used to account for the perpetual care endowment of Sunrise Cemetery.

Private-sector standards of accounting and financial reporting, issued prior to December 1, 1989, generally are followed in both the government-wide and proprietary fund financial statements to the extent that those standards do not conflict with or contradict guidance of the Governmental Accounting Standards Board. Governments also have the option of following subsequent private-sector guidance for their business-type activities and enterprise funds, subject to this same limitation. The City has elected not to follow subsequent private-sector guidance.

CITY OF MANHATTAN, KANSAS
NOTES TO THE FINANCIAL STATEMENTS

December 31, 2013

Note 1: Summary of Significant Accounting Policies (Continued)

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation (Continued)

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are payments-in-lieu of taxes and other charges between the City's water, wastewater, and storm water management functions and various other functions of the government. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Amounts reported as program revenues include 1) charges to customers or applicants for goods, services, or privileges provided 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of all of the City's proprietary funds are charges to customers for sales and services. The City's water utility also recognizes as operating revenue the portion of tap fees intended to recover the cost of connecting new customers to the system. Operating expenses for the proprietary funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources as they are needed.

D. Assets, Liabilities, and Net Position

Cash, Cash Equivalents and Investments

The City's cash and cash equivalents are considered to be cash on hand; demand deposits, including all certificates of deposit; and short-term investments with original maturities of three months or less from the date of acquisition.

In accordance with the City's formal investment policy adopted by the governing body, the City may pool idle cash from all funds for the purpose of increasing income through temporary investment activities. Cash and investments of the individual funds are combined to form a pool which is managed by the Director of Finance. Each fund's equity in the pool is included in "cash and cash equivalents" in the financial statements. These pooled investments consist primarily of operating accounts, nonnegotiable certificates of deposit and money market investments, such as U.S. Treasury and Agency obligations. As provided for in GASB Statement No. 31, the nonnegotiable certificates of deposit are recorded at cost, as they are not affected by market rate changes. GASB Statement No. 31 also provides that governmental entities may report all other investments at fair value or they may elect to report certain money market investments at amortized cost. The City has elected to report all other investments at fair value. Fair value was determined using the bid price of each security as reported in the *Wall Street Journal*. There were no material changes in fair value and therefore no investment gain or loss was recorded. Investment earnings are allocated to the funds required to accumulate earnings based upon their average daily equity balances.

CITY OF MANHATTAN, KANSAS
NOTES TO THE FINANCIAL STATEMENTS

December 31, 2013

Note 1: Summary of Significant Accounting Policies (Continued)

D. Assets, Liabilities, and Net Position (Continued)

Cash, Cash Equivalents and Investments (Continued)

If a fund is not required to account for its own earnings by law or regulation, the earnings are allocated to the General Fund. For the fiscal year ended December 31, 2013, investment earnings allocated to the various funds were \$23,470.

Receivables and Payables

Advances between funds, as reported in the fund financial statements, are offset by a fund balance reserve account in applicable governmental funds to indicate that they are not available for appropriation and are not expendable available financial resources.

All trade receivables are shown net of an allowance for uncollectibles. Trade accounts receivable are considered uncollectible in varying percentages based on the specific type of receivable and its age. However, the majority are considered uncollectible in the percentages below based on the following criteria:

Up to one year old	25%
More than one and up to two years old	65%
More than two and up to four years old	85%
More than four and up to five years old	95%
More than five years old	100%

No allowance for uncollectibles has been established for property taxes receivable, as the actual delinquency rate on property taxes has historically been very low.

Inventories

Inventories which benefit future periods, other than those recorded in the proprietary fund types, are recorded as expenditures during the year of purchase. For the proprietary fund types, inventories are stated at the lower of cost or market, cost being determined by the first-in, first-out method.

Capital Assets

Capital assets, which include property, plant, equipment and infrastructure assets (streets, drainage systems and similar items) are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the government as assets with an initial individual cost of more than \$5,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed.

CITY OF MANHATTAN, KANSAS
NOTES TO THE FINANCIAL STATEMENTS

December 31, 2013

Note 1: Summary of Significant Accounting Policies (Continued)

D. Assets, Liabilities, and Net Position (Continued)

Capital Assets (Continued)

Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed.

Capital assets are depreciated using the straight-line method over the following estimated useful lives:

Buildings	45 years
Improvements other than buildings	20 years
Vehicles	10 years
Machinery	10-15 years
Office equipment	7-10 years
Treatment plants	40 years
Water and sewer mains	40 years
Streets	20 years
Storm drainage systems	40 years

Vacation and Sick Pay

The City's policy regarding vacation pay permits employees to accumulate vacation leave not to exceed two (2) times their annual rate (maximum hours depending on the rate are 192, 264, 312, 384 or 432) unless approved by the City Manager, as of December 31 of each year. The accumulated vacation is governed by agreements with the International Association of Fire Fighters (IAFF) for union employees, and the City's Personnel Rules and Regulations for non-union employees. Policy prohibits payment for vacation time in lieu of time off. At December 31, 2013, the City estimates the accumulated unpaid vacation amount to be \$1,225,944 for governmental funds and \$211,298 for proprietary funds.

There is no limit to the amount of sick leave that may be accumulated. However, there are limits to the amount of accumulated sick leave that will be paid on the date of employment termination. Shift employees who belong to the IAFF with from one to nineteen years of service with the City will receive payment for 1/3 of accumulated sick leave up to a maximum of 480 hours. Shift employees who belong to the IAFF with twenty or more years of service with the City will receive payment for 1/2 of accumulated sick leave up to a maximum of 720 hours. Other City employees with from one to nineteen years of service with the City will receive payment for 1/3 of accumulated sick pay up to a maximum of 320 hours. Other City employees with twenty or more years of service with the City will receive payment for 1/2 of accumulated sick pay up to a maximum of 480 hours. At December 31, 2013, the City estimates the accumulated unpaid sick pay amount to be \$1,116,939 for governmental funds and \$151,358 for proprietary funds. These amounts include only accumulated sick leave that would be paid on the date of employment termination.

The total liability for compensated absences for vacation and sick leave for governmental funds is \$2,342,883. This liability is recorded in the governmental activities column of the government-wide financial statements but not the governmental fund financial statements. The total liability for compensated absences for vacation and sick leave for proprietary funds is \$362,656. This liability is recorded in both the business-type activities column of the government-wide financial statements and the proprietary fund financial statements.

CITY OF MANHATTAN, KANSAS
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2013

Note 1: Summary of Significant Accounting Policies (Continued)

D. Assets, Liabilities, and Net Position (Continued)

Long-term Liabilities

The accounting treatment of long-term debt depends on whether the debt relates to governmental fund operations or proprietary fund operations and whether it is being reported in the government-wide or fund financial statements.

All long-term debt to be repaid from governmental resources is reported as liabilities in the government-wide statements. This long-term debt consists primarily of bonds and notes payable and accrued compensated absences. Long-term debt for governmental funds is not reported as liabilities in the governmental fund financial statements. The debt proceeds are reported as other financing sources and principal payments are reported as expenditures.

The long-term debt and other long-term obligations of the proprietary fund types are recorded as liabilities in both the proprietary fund statements and the government-wide statements.

Special Assessments

Kansas Statutes require projects financed in part by special assessments to be financed through the issuance of general obligation bonds which are secured by the full faith and credit of the City. Special assessments received prior to the issuance of bonds are recorded as revenue in the appropriate project. Special assessments received after the issuance of bonds are recorded as revenue in the Debt Service Fund. Accordingly, special assessments receivable are accounted for within the Debt Service Fund. Special assessments may be levied over various periods, but are generally levied over 20 years. The annual installments are due and payable with the annual ad valorem property taxes. Special assessments receivable are offset with a corresponding amount of deferred revenue in the governmental fund financial statements, but not in the government-wide financial statements. Special assessments in the amount of \$625,714 were delinquent at December 31, 2013.

Fund Balance

Through various City ordinances and resolutions approved by the City Commission, in addition to policies set by the City Manager, the Finance Director assigns fund balances across all budgeted and non-budgeted funds of the City for any given fiscal year.

In the governmental fund financial statements, fund balances are classified as follows:

- **Non-Spendable:** amounts legally or contractually required to be maintained or not in spendable form, such as inventory or prepaid times. Such constraint is binding until the legal requirement is repealed or the amounts become spendable.
- **Restricted:** amounts with externally imposed constraints, such as those mandated by creditors, grantors and contributors, or laws and regulations. Such constraint is binding unless modified or rescinded by the applicable external body, law or regulations.
- **Committed:** amounts with a purpose formally imposed by resolution by the City Commission of the City, binding unless modified or rescinded by the City Commission.
- **Assigned:** amounts constrained by the express intent of the City Commission, City Manager or Finance Director. Encumbrances shall be considered as assigned, unless they specifically meet the requirements to be committed or restricted.
- **Unassigned:** all amounts not included in other fund balance classifications. The General Fund is the only fund that would report a positive amount in unassigned fund balances.

In circumstances when an expenditure is made for a purpose which amounts are available in multiple fund balance classifications, fund balance is depleted in the order of restricted, committed, assigned and unassigned.

CITY OF MANHATTAN, KANSAS
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2013

Note 1: Summary of Significant Accounting Policies (Continued)

D. Assets, Liabilities, and Net Position (Continued)

Net Position

In the government-wide statements, equity is shown as net position and classified into three components:

1. Invested in capital assets, net of related debt – consisting of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
2. Restricted for – consisting of net assets with constraints placed on their use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provision or enabling legislation.
3. Unrestricted – all other net assets that do not meet the definition of “restricted” or “invested in capital assets, net of related debt.”

In the fund financial statements, governmental funds report reservations of fund balance for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose.

Interfund Receivable/Liability

As previously discussed, the City pools cash from all funds. From time to time, a fund will overdraw its share of pooled cash. The overdrawn amount is reported as a liability in the overdrawn fund. An interfund receivable is reported in the General Fund or another fund as determined by management.

Interfund Transfers

Permanent reallocations of resources between funds of the reporting entity are classified as interfund transfers. For the purpose of the statement of activities, all interfund transfers between individual governmental funds have been eliminated.

Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Pending Governmental Accounting Standards Board Statements

At December 31, 2013, the Governmental Accounting Standards Board (GASB) had issued several statements not yet implemented by the City. The statements that might impact the City are as follows:

GASB Statement No. 66, "Technical Corrections-2012", was issued April 2, 2012. This statement amends Statement No. 10, Accounting and Financial Reporting for Risk Financing and Related Insurance Issues, by removing the provision that limits fund-based reporting of a state and local government's risk financing activities to the general fund and the internal service fund types. This statement also amends Statement No. 62, "Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 30, 1989 FASB and AICPA pronouncements, by modifying the specific guidance on accounting for various items. The provisions of this statement are effective for periods beginning after December 15, 2012.

CITY OF MANHATTAN, KANSAS
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2013

Note 1: Summary of Significant Accounting Policies (Continued)

D. Assets, Liabilities, and Net Position (Continued)

Pending Governmental Accounting Standards Board Statements (Continued)

GASB Statement No. 67, "Financial Reporting for Pension Plans", was issued June 25, 2012. This statement revises and establishes new financial reporting requirements for most governments that provide their employees with pension benefits. The provisions of this statement are effective for periods beginning after June 15, 2013.

GASB Statement No. 68, "Accounting and Financial Reporting for Pensions", was issued June 25, 2012. This statement establishes the methodology to be used by governments to value and report the liability associated with their participation in a defined benefit pension plan. The provisions of this statement are effective for periods beginning after June 15, 2014.

GASB Statement No. 69, "Government Combinations and Disposals of Government Operations", was issued January 2013. This Statement requires disclosures to be made about government combinations and disposals of government operations to enable financial statement users to evaluate the nature and financial effects of those transactions. The requirements of this Statement are effective for government combinations and disposals of government operations occurring in financial reporting periods beginning after December 15, 2013.

GASB Statement No. 70, "Accounting and Financial Reporting for Nonexchange Financial Guarantees", was issued April 2013. This Statement specifies the information required to be disclosed by governments that extend nonexchange financial guarantees. In addition, this Statement requires new information to be disclosed by governments that receive nonexchange financial guarantees. The provisions of this Statement are effective for reporting periods beginning after June 15, 2013.

GASB Statement No. 71, "Pension Transition for Contributions Made Subsequent to the Measurement Date", was issued in November 2013. This statement amends GASB Statement No. 68. The statement is effective concurrent with Statement 68 for fiscal years beginning after June 15, 2014. The objective of this Statement is to address an issue regarding application of the transition provisions of Statement No. 68, Accounting and Financial Reporting for Pensions.

Note 2: Stewardship, Compliance, and Accountability

A. Budgets and Budgetary Accounting

Kansas statutes require that an annual operating budget be legally adopted for the General Fund, Special Revenue Funds (unless specifically exempted by statute), the Debt Service Fund and all Enterprise Funds.

The City Manager is authorized to transfer budgeted amounts between departments within any fund; however, any revisions that alter the total expenditures of any funds must be approved by the City Commission. The legal level of control is at the fund level basis.

Formal budgetary integration is employed as a management control device during the year for the General Fund, Budgeted Special Revenue Funds, Enterprise Funds, and Budgeted Debt Service Funds.

CITY OF MANHATTAN, KANSAS
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2013

Note 2: Stewardship, Compliance, and Accountability (continued)

A. Budgets and Budgetary Accounting (continued)

Budgets for the General, Budgeted Special Revenue, and Budgeted Debt Service Funds are adopted on a basis consistent with U.S. GAAP except that encumbrances are included in expenditures. Budgetary comparisons for the General, Special Revenue, and Debt Service Funds in this report are on this non-GAAP budgetary basis. Budgeted amounts are as originally adopted or amended by the City Commission.

The statutes allow for the governing body to increase the originally adopted budget for previously unbudgeted increases in revenue other than ad valorem property taxes. To do this, a notice of public hearing to amend the budget must be published in the local newspaper. At least ten days after publication the hearing may be held and the governing body may amend the budget at that time.

The funds below were included as budgeted special revenue funds and have legally adopted annual budgets:

Aggieville Business Improvement District	Library
City/University Projects	Library Employee Benefit Contribution
Capital Improvement Reserve	Park Development
Downtown Business Improvement District	Riley County Police Department
Economic Development	Sales Tax
Employee Benefit Contribution	Special Alcohol Programs
Fire Equipment Reserve	Special Parks and Recreation
Fire Pension KP&F	Special Street and Highway
General Improvement	Special Sunset Zoo
Industrial Promotion	Tourism and Convention Promotion

The following debt service funds also have legally adopted annual budgets:

Debt Service	Downtown Redevelopment Senior Lien TIF Bonds
--------------	--

The following enterprise funds also have legally adopted annual budgets:

Water
Wastewater
Storm Water Management

Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditure of monies are recorded in order to reserve that portion of the applicable appropriation, is employed as an extension of formal budgetary integration in the General Fund, Special Revenue Funds, Debt Service Fund, and Capital Projects Fund. Encumbrances outstanding at year-end are reported as commitments of fund balances in the governmental fund statements since they do not constitute expenditures or liabilities, except in budgetary comparisons shown. All unencumbered appropriations lapse at year-end.

CITY OF MANHATTAN, KANSAS
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2013

Note 2: Stewardship, Compliance, and Accountability (Continued)

A. Budgets and Budgetary Accounting (Continued)

By statute, the City prepares its annual budget on a non-GAAP basis of accounting as described above. A reconciliation of these budgetary statements to the GAAP statements is as follows:

	Major Governmental Funds		
	General Fund	Riley County Police Department	Debt Service
Revenues - Budgetary basis	\$ 18,399,279	\$ 14,397,754	\$ 12,938,847
Cancelled encumbrances	(2,096)	-	-
Revenues - GAAP basis	\$ 18,397,183	\$ 14,397,754	\$ 12,938,847
Expenditures - budgetary basis	\$ 24,263,355	\$ 14,144,590	\$ 14,581,339
Encumbrances, beginning of year	145,765	-	-
Encumbrances, end of year	(84,997)	-	-
Cancelled encumbrances	-	-	-
Expenditures - GAAP basis	\$ 24,324,123	\$ 14,144,590	\$ 14,581,339
Fund balances - budgetary basis	\$ 3,927,627	\$ 481,520	\$ 14,887,441
Encumbrances, end of year	84,997	-	-
Fund balance - GAAP basis	\$ 4,012,624	\$ 481,520	\$ 14,887,441

B. Property Taxes

In accordance with governing state statutes, property taxes levied during the current year are a revenue source to be used to finance the budget of the ensuing year. Taxes are assessed on a calendar year basis, levied by the County Treasurer on November 1 of each year, and become a lien on the property on November 1 of each year. The County Treasurer is the tax collection agent for all taxing entities within the County. Property owners have the option of paying one-half or the full amount of the taxes levied on or before December 20 during the year levied with the balance to be paid on or before May 10 of the ensuing year. State statutes prohibit the County Treasurer from distributing taxes collected in the year levied prior to January 1 of the ensuing year. Consequently, for revenue recognition purposes, the taxes levied during the current year are not due and receivable until the ensuing year. At December 31 such taxes are a lien on the property and are recorded as taxes receivable with a corresponding amount recorded as deferred revenue.

CITY OF MANHATTAN, KANSAS
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2013

Note 2: Stewardship, Compliance, and Accountability (Continued)

C. Deficit Fund Equity

The Airport Federal Grant No. 42 had a deficit balance of \$151,992 as of December 31, 2013. The Airport Federal Grant No. 43 had a deficit balance of \$434,099 as of December 31, 2013. The Emergency Shelter 2012 Special Revenue Fund had a deficit balance of \$7,780 as of December 31, 2013. The Emergency Shelter 2013 Special Revenue Fund had a deficit balance of \$12,106 as of December 31, 2013. Any deficits remaining in these funds after all grant revenues have been received will be covered with transfers from the General Fund.

Note 3: Detailed Notes on All Funds

A. Cash and Investments

At December 31, 2013, the City's investment balances were:

	Reported Amount/ Fair Value
Investment Type:	
Cash with refunding escrow agent	\$ 5,206,581
Cash with special obligation bonds trustee	2,637,053
Total Investments	7,843,634
Deposits	51,935,891
Cash on Hand	6,370
Total Deposits	51,942,261
TOTAL DEPOSITS AND INVESTMENTS	\$ 59,785,895
 Reconciliation of Government-wide Statement of Net Assets to Total Deposits and Investments:	
Cash and Cash Equivalents	\$ 51,616,539
Cash with refunding escrow agent	5,206,581
Cash with special obligation bonds trustee	2,637,053
Restricted Construction Accounts	239,072
Add Fiduciary Funds cash and cash equivalents: Private Purpose Trusts	86,650
TOTAL DEPOSITS AND INVESTMENTS	\$ 59,785,895

CITY OF MANHATTAN, KANSAS
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2013

Note 3: Detailed Notes on All Funds (continued)

Cash and Investments (continued)

Interest rate risk – The City’s exposure to declines in fair values is limited by the fact that, in accordance with Kansas statutes and expanded investment powers, investments are purchased with maturities of four years or less.

Credit Risk - Kansas statutes authorize Kansas Municipalities to invest in U.S. Treasury bills and notes, repurchase agreements, and the State Municipal Investment Pool. In October, 1995 the Kansas State Pooled Money Investment Board granted the City expanded investment powers. In addition to the above, the City is allowed to invest in U.S. Agency discount notes with a maturity of four years or less, agency bullet bonds with a maturity of four years or less, and repurchase agreements, through primary security dealers, with a maturity of less than 30 days. The City’s credit risk is minimized due to these limitations on the types of investments that may be purchased.

Concentration of Credit Risk – The City’s investment policy does not place any limitations on the percentage of the City’s total investments that may be with any one issuer. Kansas statutes indirectly prohibit such a limitation, as local banks must be given preference on each investment of idle funds.

Custodial Credit Risk—deposits - In the case of deposits, this is the risk that in the event of bank failure, the City’s deposit may not be returned to it. The City’s investment policy requires that 100% of the City’s deposits not covered by FDIC insurance be collateralized. All collateral must be held by a third-party custodian in the City’s name. Consequently, the City is not exposed to custodial credit risk.

Custodial Credit Risk—investments – For an investment, this is the risk that, in the event of the failure of the counterparty, the City will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The City’s investment policy and Kansas statutes require that all securities purchased be held by a safekeeping agent independent of the counterparty in the City's account and in the City's name. This requirement, along with the statutory limitations on the types of investments that may be purchased, limits the City’s exposure to this type of custodial credit risk.

Manhattan Public Library component unit cash and cash equivalents of \$1,056,312 are stated at cost which approximates fair value. Manhattan Housing Authority component unit cash and cash equivalents of \$802,695 are stated at cost which approximates fair value. As these entities are governed by the same Kansas statutes as the City, their exposure to the various investment-related risks is similar to that of the City.

B. Receivables

Accounts receivable for the governmental activities are reported net of an allowance for uncollectible accounts in the amount of \$781,207.

Accounts receivable for the Enterprise Funds are reported net of allowances for uncollectible accounts. The allowances at December 31, 2013, are as follows:

Water Fund	\$64,254
Wastewater Fund	<u>97,303</u>
 Total	 <u>\$161,557</u>

Governmental funds report deferred revenue in connection with receivables for revenues that are not considered to be available to liquidate liabilities of the current period.

CITY OF MANHATTAN, KANSAS
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2013

Note 3: Detailed Notes on All Funds (Continued)

C. Economic Development Loans

Economic Development Loans receivable, aggregating \$1,661,315 at December 31, 2013, consist of loans to eight companies in Manhattan as part of an economic development incentive program which included grants and tax abatements. The loans were funded from the Economic Development Fund. New loans made during 2013 totaled \$200,000. Loans are secured by either property and/or life insurance policies on key personnel of the company. An allowance for uncollectible amounts of \$200,000 has been recorded as of December 31, 2013. The loan balance is also presented net of \$1,057,661 of forgivable loans that will not be collected if specified terms are met.

D. Conference Center Promissory Note

In December 2009, the City entered into an economic development agreement with HCW-Manhattan, LLC for the construction of several components within the South End Redevelopment including the construction of a 30,000 square foot conference center as required by the Amended South Project Final Development Agreement (the 'Amended South FDA'). According to the Amended South FDA, the City passed Ordinance 6810 authorizing the issuance of up to \$9,500,000 in economic development funds for the design and construction of the conference center. Per the economic development agreement, the City is required to provide HCW-Manhattan, LLC up to \$5,000,000 in the form of a repayable note followed by \$4,500,000 in the form of a forgivable note. The repayable note shall be repaid in annual installments of \$100,000 per year for 29 years with a single balloon payment in the amount of \$2,100,000 or the remaining unpaid balance in year 30. Under the forgivable note, 1/30 of the note shall be deemed forgiven on each due date of the repayable loan, as long as the developer is in compliance with the terms of the Notes. The payment of these notes is secured by a mortgage on the property which contains the conference center and that mortgage is subordinate to a lien in favor of the developer's lending bank. In 2013, \$100,000 was paid on the loan and \$148,201 was forgiven. The balance as of December 31, 2013 is \$8,949,617 and is reported net of the expected of the forgivable note balance of \$4,149,617 on the government-wide financial statements.

E. FCIP Reimbursement from the Manhattan Public Library

The City entered into a Memorandum of Understanding (MOU) with the Library for the Facility Conservation Improvement Program (FCIP) during 2011. This project provided for various improvements to the Library which is intended to result in savings in annual energy costs. The MOU states that the City will pay all of the costs associated with the project and the Library will reimburse the City a total of \$254,710 over a ten year period. The payments will be made annually in the amount of \$25,471 beginning in 2012. The total balance is reflected on the Government Wide statements as a receivable and as a reduction of expense, with the receivable reduced each year by the payment received. Only the payment each year will be reflected on the governmental fund financial statements. In 2013, \$25,471 was paid by the Manhattan Public Library for the FCIP Improvements. The balance as of December 31, 2013 is \$203,768.

December 31, 2013

Note 3: Detailed Notes on All Funds (Continued)

F. Capital Assets (Continued)

Depreciation expense was charged to functions/programs of the primary government as follows:

Governmental activities:

General government	\$ 1,713,241
Public safety	481,572
Public works	5,603,850
Urban development and housing	41,604
Culture/Recreation	1,804,257
Downtown Redevelopment	209,331
Total depreciation expense for governmental activities	\$ 9,854,035

Business-type activities:

Water	\$ 1,851,210
Wastewater	2,738,795
Storm Water Management	453,707
Total depreciation expense for business-type activities	\$ 5,043,712

G. Capital Projects

At December 31, 2013 the City had contractual commitments for the construction of various projects:

	Expenditures to Date	Amount Authorized
Miscellaneous governmental activities	\$ 204,562	\$ 350,729
Library Expansion Project	44,364	1,545,950
Airport Improvements	4,802,743	14,446,650
Storm Water Improvements	3,570,780	4,573,633
Sanitary Sewer Improvements	7,026,417	10,499,481
Street Improvements	9,932,284	18,018,221

H. Interfund Receivable/Payable

Individual fund receivable/payable balances at December 31, 2013, are as follows.

	Receivable	Payable
Major Funds:		
Governmental Funds:		
General Fund	\$ 1,542,672	\$ -
Capital Projects Fund	9,000,662	-
Proprietary Funds:		
Water Fund	-	3,089,124
Wastewater Fund	-	2,733,292
Stormwater Fund	-	3,178,246
Non-major Governmental Funds	-	1,542,672
TOTAL	\$ 10,543,334	\$ 10,543,334

The amounts payable to the general fund relate to amounts drawn by other funds in excess of their respective shares of pooled cash while awaiting reimbursements from outside entities. The amounts payable to the Capital Projects Fund relate to amounts drawn by the Water and Wastewater Fund for KDHE Loan draws and temporary notes.

I. Interfund Transfers

A summary of 2013 interfund transfers is as follows:

	Transfer In	Transfer Out
Major Funds:		
Governmental Funds:		
General	\$ 5,695,724	\$ 240,254
Riley County Police Department	-	-
Debt Service	1,789,917	24,782
Capital Projects	3,019,931	179,660
Proprietary Funds:		
Water	-	1,520,945
Wastewater Fund	-	1,257,496
Non-major Governmental Funds	5,345,743	12,633,105
Non-major Proprietary Funds	84,927	80,000
TOTAL TRANSFERS	\$ 15,936,242	\$ 15,936,242

Transfers are used primarily to move revenues from the funds with collection authorization to finance the expenditures of other funds in need of additional revenue sources.

On the government-wide statement of activities, capital asset transfers of \$1,916,917 were made from the governmental activities to the business-type activities.

2013-07	6/15/2017	1.75%	3,160,000
Total			\$ 34,560,000

\$8,387,441 is available in the Debt Service Fund to service the general obligation and special assessment bonds. Future tax revenues will pay off the remaining general long-term debt.

Bond proceeds and temporary notes issued have been reported in the Capital Projects Fund. Temporary notes paid have also been reported in the Capital Projects Fund, except for \$4,920,000, which have been reported in the Debt Service Fund.

Upon authorization for the issuance of general obligation bonds for certain improvements, Kansas law permits the temporary financing of such improvements by the issuance of temporary notes. Temporary notes issued may not exceed the aggregate amount of bonds authorized, are interest bearing and have a maturity date not later than four years from the date of issuance of such temporary notes. All temporary notes issued by the City have initial maturities of at least two years. Therefore, they are considered long-term debt and have been included in long-term liabilities on the statement of net position. Temporary notes outstanding are retired from the proceeds of the sale of general obligation bonds or other available funds or refinanced with temporary notes. Temporary notes in the amount of \$11,910,000 outstanding December 31, 2013, were retired June 15, 2014, with funds on hand. Temporary notes in the amount of \$22,650,000 will mature in 2014, 2015, 2016 and 2017.

CITY OF MANHATTAN, KANSAS
NOTES TO THE FINANCIAL STATEMENTS

December 31, 2013

Note 3: Detailed Notes on All Funds (Continued)

J. Long-Term Debt (Continued)

At December 31, 2013 there were temporary notes in the amount of \$8,260,000 maturing in 2014 for which the legal steps and the ability to consummate refinancing have not been met. Therefore, this balance is reported as a fund liability in the Capital Projects Fund at December 31, 2012. The coupon rates on the notes range from 0.35 to 1.00 percent.

Changes in this short-term debt during 2013 are summarized in the following table:

Balance at January 1, 2013	\$2,875,000
Issued	8,260,000
Retired	<u>(2,875,000)</u>
 Balance at December 31, 2013	 <u><u>\$8,260,000</u></u>

Debt Service Limit

The December 31, 2013 debt limit is \$150,315,801. There was \$96,958,394 in outstanding long and short-term G.O. debt applicable to the debt limit as of December 31, 2013. Sewer, water, storm water and refunding G.O. bonds are exempt from the state-imposed debt limit.

Transportation Development District Sales Tax Revenue Bonds-Series 2009

In 2009, the City issued Transportation Development District Sales Tax Revenue bonds in the amount of \$505,000. The proceeds were used to finance infrastructure improvements needed for the development of the Limey Pointe area in the City. An excise/sales tax has been imposed on purchases made within the transportation development district. The excise/sales tax collected will be used to retire the bonds. The bonds are considered a special obligation to the City secured by a pledge of the excise/sales tax revenues. The bonds are not a general obligation of the City, nor do they go against the City's debt limit. Interest on the bonds is payable semiannually at 4.0%.

The annual requirements to amortize these bonds are as follows:

<u>Years Ending December 31,</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2014	\$ -	\$ 11,600	\$ 11,600
2015	-	11,600	11,600
2016	<u>290,000</u>	<u>11,600</u>	<u>301,600</u>
 TOTALS	 <u><u>\$290,000</u></u>	 <u><u>\$34,800</u></u>	 <u><u>\$324,800</u></u>

The bonds are subject to special mandatory redemption provisions starting June 1, 2010, and on any interest payment date thereafter. Since June 1, 2010, bonds in the amount of \$215,000 have been redeemed.

Transportation Development District Sales Tax Revenue Bonds-Series 2010

In 2010, the City issued Transportation Development District Sales Tax Revenue bonds in the amount of \$5,610,000. The proceeds were used to finance infrastructure improvements needed for the north project area of the downtown redevelopment project. An excise/sales tax has been imposed on purchases made within the transportation development district. The excise/sales tax collected will be used to retire the bonds. The bonds are considered a special obligation to the City secured by a pledge of the excise/sales tax revenues. The bonds are not a general obligation of the City, nor do they go against the City's debt limit. Interest on the bonds is payable semiannually. The interest rates on the bonds range from 2.0 to 5.0 percent.

The annual requirements to amortize these bonds are as follows:

Years Ending December 31,	Principal	Interest	Total
2014	\$ -	\$ 240,275	\$ 240,275
2015	260,000	240,275	500,275
2016	145,000	234,750	379,750
2017	-	231,125	231,125
2018	330,000	231,125	561,125
2019-2023	385,000	1,053,600	1,438,600
2024-2028	1,265,000	861,350	2,126,350
2029-2032	2,990,000	598,000	3,588,000
TOTALS	<u>\$5,375,000</u>	<u>\$3,690,500</u>	<u>\$9,065,500</u>

The bonds include term bonds that are subject to mandatory redemption and payment prior to stated maturity. The annual requirement to amortize the bonds under these mandatory redemption provisions are as follows:

Years Ending December 31,	Principal	Interest	Total
2014	\$ 125,000	\$ 240,275	\$ 365,275
2015	135,000	237,619	372,619

Senior Lien Tax Increment Financing (TIF) Special Obligation Bonds-Series 2009A and Subordinate Lien TIF Special Obligation Bonds-Series 2009B

The Senior Lien TIF Special Obligation Bonds-Series 2009A and the Subordinate Lien TIF Special Obligation Bonds-Series 2009B were issued December 1, 2009, at a principal amount of \$21,220,000 and \$4,160,000, respectively. These bonds were issued to retire the Taxable Special Obligation Revenue Bonds-Series 2006 issued to finance land acquisition and site preparation of the North Redevelopment District. Because the retired bonds were never intended to be a permanent financing mechanism and because of the variable structure of the retired bonds, a meaningful comparison of debt service between the new debt and the retired debt and a meaningful analysis of the economic gain or loss on the transaction cannot be made. Funds from these issuances will also be used to construct a public plaza in the North District. The Series 2009B Bonds shall constitute subordinate lien bonds and shall be junior and subordinate with respect to the payment of debt service from the incremental tax revenues to the Series 2009A Bonds. Both series of bonds shall not constitute a debt or liability of the City nor any pledge of the full faith and credit of the City. Revenue available for debt service from the North District consists of incremental property taxes, City sales tax, compensating use tax, and the City's portion of the County's sales tax. Revenue available from the South District consists of incremental property taxes.

The 2009 TIF bonds shall become due on the stated maturity dates and in the amounts listed below. Interest is payable semiannually at the following annual rates:

Series 2009A Bonds

Serial Bonds		
Stated Maturity December 1	Principal Amount	Annual Rate of Interest
2014	\$855,000	3.125%
2015	\$935,000	3.500%
2016	\$1,010,000	3.750%
Term Bonds		
Stated Maturity December 1	Principal Amount	Annual Rate of Interest
2026	\$17,180,000	5.000%

Series 2009B Bonds

Stated Maturity December 1	Principal Amount	Annual Rate of Interest
2027	\$4,130,000	7.500%

CITY OF MANHATTAN, KANSAS
NOTES TO THE FINANCIAL STATEMENTS

December 31, 2013

Note 3: Detailed Notes on All Funds (Continued)

J. Long-Term Debt (Continued)

At the option of the City, the Series 2009A bonds maturing on or after December 1, 2018 are subject to redemption and payment prior to their stated maturity on December 1, 2017 at the redemption prices set forth below plus accrued interest to the redemption date:

Redemption Dates	Redemption Price
December 1, 2017 through November 30, 2018	102%
December 1, 2018 through November 30, 2019	101%
December 1, 2019 and thereafter	100%

The Series 2009B Bonds are subject to redemption and payment prior to their stated maturity at the Redemption Price of 100% plus accrued interest to the redemption date; provided, however, the Series 2009B Bonds cannot be redeemed prior to maturity until all Senior Lien Bonds have been paid and are no longer outstanding.

The Series 2009A term bonds maturing December 1, 2026, are subject to mandatory redemption and payment prior to maturity on December 1 in the years set forth below at a redemption price of 100% of the principal amount plus accrued interest to the redemption date:

Principal Amount	Year
\$1,090,000	2017
\$1,185,000	2018
\$1,290,000	2019
\$1,400,000	2020
\$1,520,000	2021
\$1,640,000	2022
\$1,775,000	2023
\$1,910,000	2024
\$2,055,000	2025
\$3,315,000	2026

Sales Tax and Revenue (STAR) Bonds-Series 2009-1

The Sales Tax and Revenue (STAR) Bonds-Series 2009-1 were issued December 1, 2009, at a principal amount of \$16,855,000. This series of STAR Bonds was issued to retire the Special Obligation Revenue Bonds-Series 2008A (see above) issued to finance the South District land acquisition. Because the retired bonds were never intended to be a permanent financing mechanism and because of the structure of the retired bonds (a maturity of less than three years with all principal due at maturity), a meaningful comparison of debt service between the new debt and the retired debt and a meaningful analysis of the economic gain or loss on the transaction cannot be made. These bonds shall not constitute a debt or liability of the City nor any pledge of the full faith and credit of the City. Revenue available for debt service from the North District consists of State sales tax. Revenue available from the South District consists of State sales tax, City sales tax, compensating use tax, and the City's portion of the County's sales tax. These bonds have a stated maturity date of December 1, 2026. Interest is payable semiannually at an annual rate of 5.25%. In 2013, \$1,225,000 in principal has been redeemed on the 2009-1 STAR Bonds, resulting in a current balance of \$8,250,000.

CITY OF MANHATTAN, KANSAS
NOTES TO THE FINANCIAL STATEMENTS

Note 3: Detailed Notes on All Funds (Continued)

J. Long-Term Debt (Continued)

The Series 2009-1 term bonds maturing December 1, 2026, are subject to mandatory redemption and payment prior to maturity on December 1 in the years set forth below at a redemption price of 100% of the principal amount plus accrued interest to the redemption date:

Principal Amount	Year
\$2,105,000	2021
\$2,275,000	2022
\$2,445,000	2023
\$1,425,000	2024

Taxable STAR Bonds-Series 2009-2

The Taxable STAR Bonds-Series 2009-2 were issued December 1, 2009, at a principal amount of \$33,145,000. This series of STAR Bonds was issued to finance eligible facilities and infrastructure costs within the South Redevelopment District. The 2009-2 STAR Bonds will be treated as "Build America Bonds" under the Recovery Act and will receive a cash subsidy from the United States Treasury equal to 35% of the interest payable on the bonds. These bonds shall not constitute a debt or liability of the City nor any pledge of the full faith and credit of the City. Revenue available for debt service from the North District consists of State sales tax. Revenue available from the South District consists of State sales tax, City sales tax, compensating use tax, and the City's portion of the County's sales tax. The 2009-2 STAR bonds shall become due on the stated maturity date and in the amount listed below. In 2013, \$1,905,000 in principal has been redeemed on the 2009-1 STAR Bonds, resulting in a current balance of \$29,530,000. Interest is payable semiannually at the following annual rates:

Serial Bonds		
Stated Maturity December 1	Principal Amount	Annual Rate of Interest
2014	\$2,080,000	3.824%
2015	\$2,220,000	4.224%
2016	\$2,370,000	4.613%
2017	\$2,520,000	4.863%
2018	\$2,690,000	5.232%
2019	\$2,865,000	5.332%
2020	\$3,055,000	5.482%
Term Bonds		
Stated Maturity December 1	Principal Amount	Annual Rate of Interest
2026	\$11,730,000	6.515%

At the option of the City, the Series 2009-2 serial bonds maturing on or after December 1, 2020, are subject to redemption and payment prior to their stated maturity on December 1, 2019, and thereafter at the redemption price of 100% plus accrued interest to the redemption date.

CITY OF MANHATTAN, KANSAS

2019-2021	444,579	-
Total Minimum Lease Payments	1,757,453	58,468
Less: Amount representing interest	(184,314)	(2,327)
Present Value of Minimum Lease Payments	\$ 1,573,139	\$ 56,141

Amortization on these assets acquired through capital leases totaled \$153,602 for governmental activities and \$40,798 for business-type activities in 2013 and has been included in depreciation expense.

State Revolving Loans

During 2001, the City entered into a loan agreement with the Kansas Department of Health and Environment. This agreement enabled the City to borrow up to \$6,411,155 on a low-interest loan with a 20-year repayment period to finance improvements to the wastewater system. The interest rate on the loan is 3.14%. The City completed the draw-down process in 2004 and drew down a total of \$6,175,678. This loan was amended in 2007 and 2009 to allow the City to borrow an additional \$2,510,637 to finance the cost of designing the wastewater treatment plant upgrade and expansion project. Principal in the amount of \$437,268 was paid in 2013. The balance on the loan as of December 31, 2013, is \$4,613,704 and is shown as a liability to the Wastewater Fund in the accompanying financial statements. The annual amounts to amortize the loan are as follows:

Years Ending December 31,	Principal	Interest	Total
2014	\$ 451,107	\$ 141,357	\$ 592,464
2015	465,383	127,081	592,464
2016	480,110	112,353	592,463
2017	495,304	97,159	592,463
2018	510,979	81,485	592,464
2019-2022	2,210,821	159,032	2,369,853
Totals	\$ 4,613,704	\$ 718,467	\$ 5,332,171

Note 3: Detailed Notes on All Funds (Continued)

J. Long-Term Debt (Continued)

During 2009, the City entered into a loan agreement with the Kansas Department of Health and Environment. This agreement will enable the City to borrow up to \$39,506,000 on a low-interest loan with a 20-year repayment period to finance the construction phase of the wastewater treatment plant upgrade and expansion project. The interest rate on the loan is 2.72%. The City started the draw-down process in 2010. Draws in the amount of \$6,446,851 were made during 2013. The balance on the loan as of December 31, 2013, is \$31,596,024 and is shown as a liability to the Wastewater Fund in the accompanying financial statements. Payments on the loan began in 2012. Principal in the amount of \$1,819,579 was paid in 2013. The annual amounts to amortize the loan will be as follows if the entire \$39,506,000 is borrowed:

Years Ending December 31,	Principal	Interest	Total
2014	\$ 1,593,591	\$ 980,544	\$ 2,574,135
2015	1,637,231	936,904	2,574,135
2016	1,682,067	892,068	2,574,135
2017	1,728,130	846,005	2,574,135

Totals	<u>\$ 36,445,118</u>	<u>\$ 9,889,311</u>	<u>\$ 46,334,429</u>

During 2010, the City entered into a loan agreement with the Kansas Department of Health and Environment. This agreement enabled the City to borrow up to \$1,537,000 on a low-interest loan with a 20-year repayment period to finance the City's share of the cost of connecting the Pottawatomie County Blue Township Sewer District service area and adjacent tributary areas to the City's wastewater treatment facilities. The interest rate on the loan is 2.55%. The City started the draw-down process in 2010. The loan was amended to allow a total borrowing of \$1,642,258, with principal forgiveness of \$246,339. The balance on the loan as of December 31, 2013, is \$1,291,080 and is shown as a liability to the Wastewater Fund in the accompanying financial statements. The annual amounts to amortize the loan are as follows:

Years Ending December 31,	Principal	Interest	Total
2014	\$ 57,332	\$ 32,559	\$ 89,891
2015	58,803	31,088	89,891

J. Long-Term Debt (Continued)

During 2007, the City entered into a loan agreement with the Kansas Department of Health and Environment. This agreement will enable the City to borrow funds on a low-interest loan with a 20-year repayment period to finance the design and construction of the water treatment plant and wellfield improvements. During 2010 the loan was amended to increase the maximum loan amount to \$17,975,861. The interest rate on the loan is 3.63%. The City started the draw-down process in 2010. Draws in the amount of \$294,126 were made during 2013. The balance on the loan as of December 31, 2013, is \$16,988,250 and is shown as a liability to the Water Fund in the accompanying financial statements. Payments on the loan began in 2012. Principal in the amount of \$646,509 was paid in 2013. The annual amounts to amortize the loan will be as follows:

Years Ending December 31,	Principal	Interest	Total
2014	\$ 658,126	\$ 610,755	\$ 1,268,881
2015	682,232	586,648	1,268,880

Totals	\$ 16,988,250	\$ 6,486,033	\$ 23,474,283

During 2011, the City entered into a loan agreement with the Kansas Department of Health and Environment. This agreement will enable the City to borrow funds up to \$1,395,461 on a low-interest loan with a 20-year repayment period to finance the extension of the Konza water main. The interest rate on the loan is 2.62%. This project is eligible for 20% principal forgiveness on the construction costs and an additional 20% principal forgiveness for any qualifying green infrastructure component, or energy or water efficiency component. The City completed the draw-down process in 2013. Draws in the amount of \$506,899 were made during 2013, with principal forgiveness of \$126,725. The balance on the loan as of December 31, 2013, is \$380,174 and is shown as a liability to the Water Fund in the accompanying financial statements. The annual amounts to amortize the loan will be as follows:

Years Ending December 31,	Principal	Interest	Total
2014	\$ 18,407	\$ 5,886	\$ 24,293

J. Long-Term Debt (Continued)

During 2011, the City entered into a loan agreement with the Kansas Department of Health and Environment. This agreement will enable the City to borrow funds up to \$3,091,960 on a low-interest loan with a 10-year repayment period to finance the replacement and upgrade of water meters. The interest rate on the loan is 2.08%. This project is eligible for up to 40% principal forgiveness for any qualifying green infrastructure component, or energy or water efficiency component. The estimated principal forgiven amount is \$1,233,700. The City started the draw-down process in 2013. Draws in the amount of \$394,970 were made during 2013. The balance on the loan as of December 31, 2013, is \$394,970 and is shown as a liability to the Water Fund in the accompanying financial statements. The annual amounts to amortize the loan will be as follows if the entire \$3,091,960 is borrowed and 40% of the principal is forgiven:

Years Ending December 31,	Principal	Interest	Total
2014	\$ -	\$ -	\$ -
2015	82,641	22,578	105,219
2016	168,307	42,131	210,438

Totals	<u>\$ 1,858,260</u>	<u>\$ 246,125</u>	<u>\$ 2,104,385</u>

During 2005, the City entered into a loan agreement with the Kansas Department of Transportation. This agreement enabled the City to borrow up to \$4,608,000 on a low-interest loan with a 20-year repayment period to finance various street improvements within the City. The interest rate on the loan is 3.72%. The City completed the draw-down process in 2007 and drew down a total of \$4,607,872.

The balance as of December 31, 2013, is \$3,124,866. The annual amounts to amortize the loan are as follows:

December 31,	Principal	Interest	Total
2014	\$ 239,521	\$ 116,245	\$ 355,766
2015	248,431	107,335	355,766

CITY OF MANHATTAN, KANSAS
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2013

Note 3: Detailed Notes on All Funds (Continued)

J. Long-Term Debt (Continued)

Conduit Debt Obligations

From time to time, the City has issued Industrial Revenue Bonds to provide financial assistance to private-sector entities for the acquisition and construction of industrial and commercial facilities deemed to be in the public interest. The bonds are secured by the property financed and are payable solely from payments received on the underlying mortgage loans. Upon repayment of the bonds, ownership of the acquired facilities transfers to the private-sector entity served by the bond issuance. Neither the City, State, nor any political subdivision thereof is obligated in any manner for repayment of the bonds. Accordingly, the bonds are not reported as liabilities in the accompanying financial statements. At December 31, 2013, Industrial Revenue Bonds relating to ten entities were outstanding with a total balance of approximately \$104,324,397.

Crossover Refunding

In 2011, the City issued Series 2011B General Obligation Refunding bonds in the amount of \$2,790,000. The proceeds were used to crossover refund Series 2002B, Series 2003A, and Series 2003D General Obligation bonds in the amounts of \$485,000, \$785,000, and \$1,440,000, respectively. The proceeds were placed in an escrow account to provide for interest payments on the refunding bonds until the crossover dates. As a result, the refunded bonds are not considered to be defeased and the liability for the bonds and the assets of the related escrow account have been reported on the face of the financial statements. In 2012, the Series 2002B (\$485,000) and Series 2003A (\$785,000) General Obligation bonds matured and were paid off. In 2013, the Series 2003D (\$1,440,000) General Obligation bonds matured and were paid off.

In 2012, the City issued Series 2012C General Obligation Refunding bonds in the amount of \$4,895,000. The proceeds were used to crossover refund Series 2004A, Series 2004B, and Series 2006B General Obligation bonds in the amounts of \$635,000, \$555,000, and \$3,715,000, respectively. The proceeds were placed in an escrow account to provide for interest payments on the refunding bonds until the crossover dates. As a result, the refunded bonds are not considered to be defeased and the liability for the bonds and the assets of the related escrow account have been reported on the face of the financial statements.

CITY OF MANHATTAN, KANSAS
NOTES TO THE FINANCIAL STATEMENTS

December 31, 2013

Note 4: Other Information

A. Risk Management

General

The City is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. These risks are covered by commercial insurance purchased from independent third parties. Settled claims from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years. There have been no decreases in insurance coverage from the prior year.

Self-Insured Health Care Fund

During the fiscal year 1990, the City established a Health Care Fund (an Internal Service Fund) to account for and finance its medical health insurance program. Under this program, the Health Care Fund provides health insurance coverage for all full-time employees. The City purchases commercial insurance for claims in excess of an aggregate total provided by the Fund, and a specific amount for each claim. The City contracts with Harrington Health to provide administrative services. Stop loss insurance has been obtained to cover the claims of individuals that exceed \$100,000 for the benefit period.

The internal service fund accrues the required amounts for the payment of these claims by rate charges to various City departments. These rate charges are reported as expenditures in the applicable funds. The Health Care Fund net position was \$1,567,097 at December 31, 2013. The claims liability of \$666,846 reported in the Fund at December 31, 2013 is based on the requirements of Governmental Accounting Standards Board Statement No. 10, which requires that a liability for claims be reported if information prior to the issuance of the financial statements indicates it is probable that a liability has been incurred at the date of the financial statements and the amount of the loss can be reasonably estimated. Estimated claims are based on historical data. Changes in the Fund's claims expected liability amount in fiscal 2013 and 2012 were:

	<u>Beginning of Fiscal Year Liability</u>	<u>Current Year Claims and Changes in Estimates</u>	<u>Claims Paid</u>	<u>Balance at Fiscal Year End</u>
2012-2013	\$ 610,246	\$ 3,084,391	\$ 3,027,791	\$ 666,846
2011-2012	\$ 573,877	\$ 3,236,376	\$ 3,200,007	\$ 610,246

Self-Insured Workers' Compensation Fund

On May 9, 1994 the City created a partially self-funded Workers' Compensation Fund to account for and finance its workers' compensation program. Under this program, the Fund provides workers' compensation coverage for all regular employees and volunteers.

Thomas McGee, L.C., serves as the third party administrator and the reinsurer. The deductible is \$250,000 per occurrence and an annual aggregate of \$250,000. Estimated claims are based on historical data. Changes in the Fund's claims expected liability amount in fiscal 2013 and 2012 were:

	<u>Beginning of Fiscal Year Liability</u>	<u>Current Year Claims and Changes in Estimates</u>	<u>Claims Paid</u>	<u>Balance at Fiscal Year End</u>
2012-2013	\$ 243,033	\$ 154,150	\$ 107,315	\$ 289,868
2011-2012	\$ 285,713	\$ 23,151	\$ 65,831	\$ 243,033

CITY OF MANHATTAN, KANSAS
NOTES TO THE FINANCIAL STATEMENTS

December 31, 2013

Note 4: Other Information (continued)

B. Contingent Liabilities

The City participates in a number of federally assisted grant programs. These programs are subject to program compliance audits by the grantors or their representatives. Grantors have yet to conduct audits on some of these programs; accordingly, the City's compliance with applicable grant requirements will be established at a future date. The amount, if any, of expenditures which may be disallowed is not determinable although the City expects such amounts, if any, to be immaterial.

There are a number of claims and/or lawsuits to which the City is a party as a result of the ordinary course of City activities. The City management and legal counsel anticipate that the potential claims against the City not covered by insurance, if any, resulting from such matters would not materially affect the financial position of the City.

C. Defined Benefit Pension Plan

Plan Description

The City of Manhattan participates in the Kansas Public Employees Retirement System (KPERS) and the Kansas Police and Firemen's Retirement System (KP&F). Both are cost-sharing multiple-employer defined benefit pension plans as provided by K.S.A. 74-4901, et seq. KPERS and KP&F provide retirement benefits, life insurance, disability income benefits and death benefits. Kansas law establishes and amends benefit provisions. KPERS and KP&F issue a publicly available financial report (only one is issued) that includes financial statements and required supplementary information. Those reports may be obtained by writing to KPERS (611 S. Kansas Avenue, Suite 100, Topeka, KS 66603-3803) or by calling 1-888-275-5737.

Funding Policy

K.S.A. 74-4919 establishes the KPERS member-employee contribution rate at 4% of covered salary. K.S.A. 74-4975 establishes KP&F member-employee contribution rate at 7% of covered salary. The employer collects and remits member-employee contributions according to the provision of Section 414(h) of the Internal Revenue Code. State law provides that the employer contribution rates be determined annually based on the results of an annual actuarial valuation. KPERS and KP&F are funded on an actuarial reserve basis. State law sets a limitation on annual increases in the employer contribution rates. The KPERS employer rate established for January 1 through December 31, 2013, is 8.34%. The employer contributions to KPERS for the years ended December 31, 2013, 2012 and 2011 were \$1,013,284, \$900,037, and \$774,793, respectively, equal to the required contributions for each year. The KP&F employer rate established for fiscal years beginning in 2013 is 17.26%. Employers participating in KP&F also make contributions to amortize the liability for past service costs, if any, which is determined separately for each participating employer. The City's contributions to KP&F for the years ended December 31, 2013, 2012 and 2011 were \$730,347, \$622,065, and \$512,613, respectively, equal to the required contributions for each year.

D. Postemployment Benefits Other Than Pensions

Plan Description

As required by Kansas statutes, the City provides postemployment healthcare benefits to electing retired employees who have met age and/or service eligibility requirements until the individuals become eligible for Medicare coverage at age 65. The health insurance benefit provides the same coverage for retirees and their dependents as for active employees and their dependents. The accounting for health insurance for retirees is included in the City's Health Care Fund, with the subsidy provided from the Health Care Fund.

CITY OF MANHATTAN, KANSAS
NOTES TO THE FINANCIAL STATEMENTS

December 31, 2013

Note 4: Other Information (continued)

D. Postemployment Benefits Other Than Pensions (continued)

Plan Description (continued)

Funding Policy

The City provides health insurance to retirees and their dependents in accordance with Kansas law (K.S.A. 12-5040). This statute, which may be amended by the state legislature, establishes that participating retirees may be required to contribute to the employee group health benefits plan, including administrative costs at an amount not to exceed 125 percent of the premium cost for other similarly situated employees. The City requires participating retirees to contribute 102 percent of the premium cost of active employees.

The City provides funding for the expenditures on a pay-as-you-go basis through the Health Care Fund. In 2013, active and retired plan members contributed \$610,592 to the plan and the City contributed \$2,657,561 to the plan.

Annual OPEB Cost and Net OPEB Obligation

The City's annual OPEB (other postemployment benefit) cost is calculated based on the annual required contribution of the employer (ARC), an amount actuarially determined in accordance with the parameters of GASB Statement 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities over a period of not to exceed thirty years. The following table presents the components of the City's annual OPEB cost for the year, the amount contributed to the plan, and changes in the City's net OPEB obligation.

Annual required contribution (ARC)	\$ 499,236
Interest on net OPEB obligation	59,752
Adjustment to ARC	<u>(61,284)</u>
Annual OPEB cost (expense)	\$ 497,704
Contributions made	<u>(78,000)</u>
Increase in net OPEB obligation	\$ 419,704
Net OPEB obligation January 1, 2013	<u>1,838,517</u>
Net OPEB obligation December 31, 2013	<u>\$2,258,221</u>

The City's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation are as follows in the table below:

Year Ended	OPEB Cost	OPEB Cost Contributed	Net OPEB Obligation
12/31/2011	\$ 449,985	16.7%	\$ 1,420,781
12/31/2012	472,736	11.6%	1,838,517
12/31/2012	497,704	15.7%	2,258,221

Funded Status and Funding Progress

As of January 1, 2012, the most recent actuarial valuation date, the plan was 0% funded. The actuarial accrued liability for benefits was \$3,781,944. The City's policy is to fund the benefits on a pay-as-you-go basis, resulting in an unfunded actuarial accrued liability (UAAL) of \$3,781,944. The covered payroll (annual payroll of active employees covered by the plan) in 2013 was \$14,456,892 and the ratio of the UAAL to covered payroll was 26.2 percent.

CITY OF MANHATTAN, KANSAS
NOTES TO THE FINANCIAL STATEMENTS

December 31, 2013

Note 4: Other Information (Continued)

D. Postemployment Benefits Other Than Pensions (Continued)

Actuarial Methods and Assumptions

The cost of the plan is derived by making certain specific assumptions as to rates of interest, mortality, turnover, etc., which are assumed to hold for many years into the future. Since actual experience may differ somewhat from the long-term assumptions, the cost determined by the valuation must be regarded as estimates of the true costs of the plan. Actuarially determined amounts reflect a long-term view and are subject to continual revision as results are compared to past expectations and new estimates are made about the future. Projections of benefits for financial reporting purposes are based on the substantive plan and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. Actuarial liabilities and comparative costs were computed using the unprojected unit credit actuarial cost method and the following assumptions:

Amortization Method:	Level percent of pay, open
Amortization Period:	30 years
Discount rate:	3.25%
Mortality rate:	RP-2000 Mortality Tables for Healthy Annuitants and Employees for Males and Females with generational projection, ages set forward on year
Withdrawal rates:	Past history of City used to establish rates
Retirement rates:	Past history of City used to establish rates
Marriage and family assumptions:	Wives are assumed to be three years younger than husbands and 60% of members are assumed to have spouses who will elect coverage
Price inflation:	3.0% per year
Payroll growth:	3.25% per year
Health care cost trend rate:	8.5% grading down to 4.7%
Participation rate:	50% of members are assumed to elect coverage upon retirement

Note 4: Other Information (Continued)

E. Restatement of Beginning Balances

Economic Development Fund

The beginning fund balance for the City's Economic Development fund has been restated to reduce the net loan balances receivable for the amounts expected to be forgiven. The reduction to the net loan receivable and fund balance as of December 31, 2012 is \$955,398.

Government-Wide Financial Statements

The beginning net position of the governmental activities has been restated due to the restatements of the Economic Development fund as discussed above. The reduction to the net Economic Development Loan receivable and net position as of December 31, 2012 is \$955,398.

The beginning net position of the governmental activities has been restated to reduce the net Conference Center promissory note receivable balance for the loan portion expected to be forgiven. The reduction to the net note receivable and net position as of December 31, 2012 is \$4,297,818.

The total effect of these restatements on the net position of the primary government is a reduction of \$5,252,216 as of December 31, 2012.

NONMAJOR GOVERNMENTAL FUNDS

SPECIAL REVENUE FUNDS

Special Revenue Funds are used to account for the proceeds of specific revenue sources requiring separate accounting because of legal or regulatory provisions or administrative action and are grouped alphabetically by budgeted and non-budgeted funds.

BUDGETED SPECIAL REVENUE FUNDS:

Aggieville Business Improvement District Fund

Funds the beautification of the Aggieville Business District.

Capital Improvement Reserve Fund

Funds may be used to finance public improvements set forth in the City's adopted capital improvement plan, including the repair, restoration and rehabilitation of existing public facilities, or for engineering and other public improvement plans or studies. In accordance with the City's adopted purchasing policy, any expenditure over \$20,000 from the capital improvements reserve fund will be approved by the City Commission.

City/University Projects Fund

An agreement with Kansas State University for special joint projects.

Downtown Business Improvement District Fund

Funds the beautification of the Downtown Business District.

Economic Development Fund

Special fund for a five-year sales tax to promote new industrial development.

Employee Benefit Contribution Fund

Provides for the funding of employees' retirement.

Fire Equipment Reserve Fund

Funds the purchase of fire equipment.

Fire Pension KP&F Fund

Special levy for Firemen's Retirement.

General Improvement Fund

Provides for the cost of general improvements.

Industrial Promotion Fund

Special tax for the promotion of industrial development.

Library Fund

Funds the operation of the municipal library.

Library Employee Benefit Contribution Fund

Provides for the funding of library employees' retirement.

SPECIAL REVENUE FUNDS

Park Development Fund

Provides for park capital improvements.

Sales Tax Fund

Receives sales tax and transfers it to the General Fund and other funds.

Special Alcohol Programs Fund

Special alcohol liquor tax for the prevention or treatment of alcohol and substance abuse.

Special Parks and Recreation Fund

Special alcohol liquor tax for recreation.

Special Street and Highway Fund

State gasoline tax monies for streets and highways.

Special Sunset Zoo Fund

Special fees for zoo improvements.

Tourism and Convention Promotion Fund

Special hotel guest tax for tourism and \$72,000 annually for new airport terminal.

NON-BUDGETED SPECIAL REVENUE FUNDS:

Airport Federal Grant No. 34 Fund

This federal grant pays for 95% of the cost of acquiring the land needed to shift Runway 3/21.

Airport Federal Grant No. 36 Fund

This federal grant pays for 95% of the cost of relocating weather and air navigation equipment required as a result of shifting Runway 3/21.

Airport Federal Grant No. 37/38 Fund

This federal grant pays for 95% of the cost of the Runway 3/21 Safety Area Improvement project.

Airport Federal Grant No. 41 Fund

This federal grant pays for 95% of the cost of conducting an Airport Passenger Terminal Study.

Airport Federal Grant No. 42 Fund

This federal grant pays for 90% of the cost of designing the airport terminal expansion.

Airport Federal Grant No. 43 Fund

This federal grant pays for 90% of the cost of construction the aircraft parking apron.

Airport Small Community Air Service Development Grant

Funds from this federal grant will be used for a two-year program that will center on marketing the benefits of the regional jet service at the Airport to a broader audience. Two-thirds of the cost will be covered by the grant and one-third will be covered by local matching funds.

SPECIAL REVENUE FUNDS

Airport TVOR Land Acquisition Grant Fund

This Federal Grant pays for 95% of the cost of acquiring the land needed to construct a wildlife fence around the Airport and to protect the critical area around the Federal Aviation Administration (FAA) electronic equipment used by pilots for navigating aircraft.

Airport Federal Grant No. 44 Fund

This federal grant pays for 90% of the cost of construction for the airport terminal expansion project.

Alcohol and Drug Safety Fund - (K.S.A. 8-1008)

Money derived from DUI convictions and diversions is deposited into this fund. Monies are used for pre-sentence alcohol and drug evaluations. Each year 10% of the revenue is transferred to the General Fund to cover administrative overhead.

Emergency Shelter Grant Funds

Funds received from the Kansas Housing Resources Corporation to provide assistance to local homeless shelters and social service agencies.

Federal Entitlement Funds

Community Development Block Grant Funds for Entitlement Communities received from the Department of Housing and Urban Development for developing viable urban communities by providing decent housing, a suitable living environment, and expanding economic opportunities, principally for persons of low and moderate income.

FHDC Archeology Grant Fund

Funds received from the Kansas State Historical Society to conduct workshops at the Flint Hills Discovery Center to train teachers to use Kansas Project Archeology educational materials.

Firefighter Memorial Fund

Donations and other funds received to go toward the construction of a firefighter memorial.

HOME Investment Partnerships Program Funds

Funds received from the Kansas Housing Resources Corporation to provide assistance to low and moderate-income homeowners in the form of deferred loans for home repairs needed to bring properties into compliance with local building codes.

Juneteenth Grant-2009

Donations received to help fund the City's Juneteenth celebration.

Local Energy Assurance Plan Grant

This federal grant provides funds under the American Recovery and Reinvestment Act of 2009 to update the 2002 Energy Emergency Response Plan and to conduct other training and implementation activities.

SPECIAL REVENUE FUNDS

Norvell Band Shell Fund

This fund was created by Lowell Jack to raise private dollars to renovate the Arts in the Park stage, which includes a covering. The new stage has been named after Larry Norvell, a long time music teacher at Manhattan High School who also played in the Municipal Band and served on the Municipal Band Board for years.

Old Engine One Fund

Funds received are used for fire prevention awareness and the maintenance of the historic 1947 Old Engine One Fire Truck.

Park Improvement Fund

This fund receives donations for improvements to the various parks in the City, the Rose Garden, etc.

Special Taxi Fund

This fund was set up by resolution to handle the citizens portion (user fees) of the elderly and handicapped taxi coupons issued.

Sunset Zoo Animals Fund

The proceeds from the sale of zoo animals and the donations for the purchase of new animals go into this fund to be used to purchase animals for the zoo.

U.S. Small Business Administration Grant for Child Care

Funds received from the U.S. Small Business Administration through the 2008 Congressional Earmark Program for the construction of playground and outdoor learning environments for the K-State Center for Child Development and for the architectural design of a new Manhattan Day Care and Learning Center.

Wetland Development Grant

Funds received from the Kansas Alliance for Wetlands and Streams for wetland management in Frank Anneberg Park.

Yes! Grant Funds

A grant from the Manhattan Yes! Fund to fund Z.O.O. Crew, an educational program for high school students interested in pursuing a career in the zoo field.

DEBT SERVICE FUNDS

Debt service funds are used to account for the resources accumulated and payments made for principal and interest on long-term debt of governmental funds.

Downtown Redevelopment Senior Lien TIF Bonds Fund

This fund accounts for the resources accumulated and payments made for principal and interest on the Senior Lien Tax Increment Financing (TIF) Bonds issued for the North Downtown Redevelopment District.

Downtown Redevelopment Sub Lien TIF Bonds Fund

This fund accounts for the resources accumulated and payments made for principal and interest on the Subordinate Lien Tax Increment Financing (TIF) Bonds issued for the North Downtown Redevelopment District.

Downtown Redevelopment STAR Bonds Fund

This fund was established to account for the payment of principal and interest on the Sales Tax and Revenue (STAR) Bonds that were issued to retire the Taxable Special Obligation Revenue Bonds for the South Project Area of the Downtown Redevelopment Project. State sales tax revenues from the North District and state and local sales tax revenues from the South district, which are pledged as security on the bonds and will be used to retire the bonds, are also accounted for in this fund.

Downtown Redevelopment Taxable STAR Bonds Fund

This fund was established to account for the payment of principal and interest on the Taxable STAR Bonds that were issued to finance eligible facilities and infrastructure costs within the South Project Area of the Downtown Redevelopment Project. State sales tax revenues from the North District and state and local sales tax revenues from the South district, which are pledged as security on the bonds and will be used to retire the bonds, are also accounted for in this fund.

Transportation Development District Fund

This fund was established to account for the payment of principal and interest on the Transportation Development District Sales Tax Revenue Bonds and the excise/sales tax revenues collected from within the district, which are pledged as security on the bonds and will be used to retire the bonds.

Downtown Redevelopment TDD Fund

This fund was established to account for the payment of principal and interest on the Downtown Redevelopment Transportation Development District Sales Tax Revenue Bonds and the excise/sales tax revenues collected from within the district, which are pledged as security on the bonds and will be used to retire the bonds.

Limey Pointe TDD Fund

This fund was established to account for the payment of principal and interest on the Limey Pointe Transportation Development District Sales Tax Revenue Bonds and the excise/sales tax revenues collected from within the district, which are pledged as security on the bonds and will be used to retire the bonds.

Downtown South End TDD Fund

This fund was established to account for the payment of principal and interest on the South End Transportation Development District Sales Tax Revenue Bonds and the excise/sales tax revenues collected from within the district, which are pledged as security on the bonds and will be used to retire the bonds.

PERMANENT FUND

Permanent funds are used to report resources that are legally restricted to the extent that only earnings, not principal, may be used for purposes that support the reporting government's programs.

Sunrise Perpetual Care Fund

Twenty-five percent of the purchase price of the lots in Sunrise Cemetery is put directly into this fund for the upkeep and perpetual care of such lots.

INTERNAL SERVICE FUNDS

The Internal Service Funds are used to account for services performed by one government organization or department for others. The City uses the funds to purchase and account for photocopy and motor pool supplies, employee health care and workers' compensation.

Motor Pool Fund

This fund serves as a central clearinghouse for the City garage. All fuel, oil, motor vehicle parts, supplies and tools are paid from this fund.

Health Care Fund

This fund serves as the central clearinghouse for all City, Library, and Housing Authority employee health care costs under the City's partially self-funded program.

Workers' Compensation Fund

The City has a partially self-funded workers' compensation program. All claims and administrative expenses are paid from this fund and money is transferred from the budgeted funds.

Photocopy Services Fund

This fund serves as the central clearinghouse for all photocopy related expenses.

STATISTICAL SECTION

This part of the City of Manhattan's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the City's overall financial health.

Contents	Page
Financial Trends	
These schedules contain trend information to help the reader understand how the City's financial performance and well-being have changed over time.	162
Revenue Capacity	
These schedules contain information to help the reader assess the City's most significant local revenue sources, property tax and sales tax.	172
Debt Capacity	
These schedules present information to help the reader assess the affordability of the City's current levels of outstanding debt and the City's ability to issue additional debt in the future.	184
Demographic and Economic Information	
These schedules offer demographic and economic indicators to help the reader understand the environment within which the City's financial activities take place.	191
Operating Information	
These schedules contain service and infrastructure data to help the reader understand how the information in the City's financial report relates to the services the government provides and the activities it performs.	193

Sources: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year.

One mill is \$1 of property tax for each \$1,000 of assessed valuation.

¹In 2007, the Bond & Interest Fund was funded more significantly with transfers from the Sales Tax Fund and special assessment collections, which significantly reduced the required mill rate.

²In 2006, the Library Fund was funded significantly with transfers from the Sales Tax Fund, which significantly reduced the required mill rate. Sales tax funding was decreased in 2007, which increased the required mill rate for that year.

Historically, the City has budgeted varying delinquency rates for property tax revenues. However, since 2010 the RCPD fund is the only fund in which a delinquency rate has actually been assessed. Delinquent taxes are reported in the year that they are collected. The City is working with both Counties to collect information that will allow for reporting by levy year for the 2014 CAFR.

Capital leases			1,573,138
			<hr/>
Total direct debt			207,128,004
			<hr/>
Total Direct and Overlapping Debt			\$ 293,818,486
			<hr/> <hr/>

Note: Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the city. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of the City of Manhattan. This process recognizes that, when considering the City's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However, this does not imply that every taxpayer is a resident, and therefore responsible for repaying the debt, of each overlapping government.

¹The percentage of overlapping debt applicable is estimated using taxable assessed property values. Applicable percentages were estimated by determining the portion of the governmental unit's assessed value that is within the City's boundaries and dividing it by the governmental unit's total taxable assessed value.

The Honorable Mayor and City Commission
City of Manhattan, Kansas

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON
COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL
STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

We have audited in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statement of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Manhattan, Kansas (the City) as of and for the year ended December 31, 2013, which collectively comprise the City's basic financial statements and have issued our report thereon dated September 16, 2014. Our report includes a reference to other auditors who audited the financial statements of the Manhattan Housing Authority, one of the discretely presented component units, as described in our report on the City's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

City of Manhattan, Kansas
Page two

Compliance and Other Matters

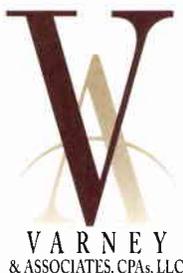

As part of obtaining reasonable assurance about whether the City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

The Honorable Mayor and City Commission
City of Manhattan, Kansas

**REPORT ON COMPLIANCE WITH REQUIREMENTS THAT COULD HAVE A DIRECT AND MATERIAL EFFECT
ON EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE
IN ACCORDANCE WITH OMB CIRCULAR A-133**

Compliance

We have audited the compliance of the City of Manhattan, Kansas (the City) with the types of compliance requirements described in the *U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement* that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2013. The City's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the City's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the City's compliance.

Opinion on Each Major Federal Program

In our opinion, the City, complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2013.

Other Matters

The City's basic financial statements include the operations of the Manhattan Housing Authority, which received and expended \$1,874,825 in federal awards which are not included in the schedule of expenditures of federal awards during the year ended December 31, 2013. Our audit, described below, did not include the operations of the Manhattan Housing Authority which engaged other auditors to perform an audit in accordance with OMB circular A-133.

Report on Internal Control over Compliance

The management of the City is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit of compliance, we considered the City's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program in order to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.
