The Housing Appeals Board convened at the Code Services office at 2000 Denison Ave. and was called to order at 10:05 AM. The owner of 351 N. 15th St., Gary Stowe, was present. The owner presented the quoted price to move the electrical panel from the bathroom. Explanation of the bid and the charges were discussed after Tim Trubey pointed out that some of the expense was outside the scope of moving the interior panel. The motion was made by Mark Bachamp to deny the request for the variance to allow the panel to remain in the bathroom of the basement apartment. The motion was seconded by Gene Wiley. Discussion was called for by Chairman Muir and ensued. Vote to deny carried, 4-1. Mr. Stowe was thanked for his participation in the process by the members of the Board.

The September Housing Appeals Board was set for September 14th at 10:00 AM. Chairman Muir asked for any other business from the Board members, hearing none, the meeting was adjourned at 10:45 AM.

Respectfully submitted,

Jim McDiffett,
Board Secretary
