Welcome, Introduction of our facilitator, Connie Satzler with EnVisage Consulting

Riley County is hosting several public meetings about health and healthcare in the community. Residents have the opportunity to share their perspectives on healthcare, health education, financial resources, neighborhood environments, and social context. These discussions will help identify the top health priorities in Riley County for the next three to five years, as outlined in the Community Needs Assessment. Connie Satzler with EnVisage Consulting will be facilitating this meeting.

“The 2020 Community Needs Assessment gave us a good idea of the needs in Riley County,” said RCHD Health Educator Shanika Rose. “Now we’re asking residents to help decide on priorities, so we can address what’s most important to them.”
